Any person may within two (2) months from the date of the first publication of this advertisement in the Intellectual Property Journal, file a notice of opposition in Form 3 at the Companies and Intellectual Property Office, of the opposition to the registration of the said trademark.

FACEBOOK, INC. of 1601 WILLOW ROAD, MENLO PARK, CALIFORNIA 94025, UNITED STATES OF AMERICA (a Delaware Corporation) has applied through their agent ALICK C. LAWRENCE of NANCY WHITICKER HOUSE, 7 OLD STREET, ROSEAU, COMMONWEALTH OF DOMINICA to the Companies and Intellectual Property Office for the registration of one Trade Mark consisting of the following word and device based on an application received on 3<sup>rd</sup> April, 2019.

Classes 9, 35, 36, 38, 41, 42 and 45 that is to say:

Class 9: Computer hardware; downloadable software for social networking and interacting with online communities; downloadable software development tools; downloadable software for use as an application programming interface (API); Application programming interface (API) for use in building software applications; Application programming interface (API) for software which facilitates online services for social networking and for data retrieval, upload, download, access and management; downloadable software for creating, managing, and interacting with an online community; downloadable software for organizing events, searching for events, calendaring and managing events; downloadable software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer the internet and communication networks; downloadable software for modifying and enabling transmission of images, audio, audio visual and video content and data; downloadable software for modifying photographs, images and audio, video, and audio-visual content with filters and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; downloadable software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; Downloadable e-commerce computer software to allow users to perform electronic business transactions via the internet and communication networks; downloadable software for sending and receiving electronic messages, alerts, notifications and reminders; Search engine software; Magnetically encoded gift cards; downloadable software for use in creating, managing, measuring, and disseminating advertising of others; Ad server, namely, a computer server for storing advertisements and delivering advertisements to websites; Virtual reality game software; Augmented reality game software; Mixed reality game software; Virtual reality game computer hardware; Augmented reality game computer hardware; Mixed reality game computer hardware; Computer peripheral devices; Electronic game software; Virtual reality software; Augmented reality software; Mixed reality software; Video game software; downloadable software for integrating electronic data with real world environments for the purposes of entertainment, education, gaming, communicating, and social networking; downloadable software for accessing and

viewing text, images and electronic data relating to conferences in the field of software development; downloadable software to enable development, assessment, testing, and maintenance of mobile software applications for portable electronic communication devices, namely, mobile phones, smartphones, handheld computers and computer tablets; downloadable software for converting natural language into machine-executable commands; downloadable software, namely, an interpretive interface for facilitating interaction between humans and machines; Artificial intelligence software; downloadable personal assistant software to address the needs of others; downloadable social assistant software to address the needs of others; downloadable software for mapping services; downloadable software for planning activities with other users and making recommendations for activities; downloadable software for social and destination mapping, namely, locating points of interest and individual locations on a map; downloadable software for making reservations and bookings at locations and activities of interest; downloadable software for ordering and/or purchasing goods and services via the Internet and communication networks; downloadable location-aware software for searching, determining and sharing locations on a map; downloadable software for wireless content, data and information delivery via the Internet and communication networks; downloadable software to enable accessing, displaying, editing, linking, sharing and otherwise providing electronic media and information via the internet and communications networks; downloadable software, namely, an application providing social networking services; downloadable software for creating, managing and accessing groups within virtual communities; downloadable software for location-based searching and alerts, namely, search engine services; downloadable software for searching and identifying employment opportunities; downloadable software for identifying and allowing users to contact government representatives; downloadable software providing a virtual marketplace; downloadable software providing location-based weather information; downloadable software providing, linking to, or streaming news or current events information; downloadable software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; downloadable software for viewing and interacting with a feed of images, audio, audio-visual and video content and associated text and data; downloadable software for finding content and content publishers, and for subscribing to content; downloadable software for creating and managing social media profiles and user accounts; downloadable software that enables individuals, groups, companies, and brands to create and maintain an online presence for marketing purposes; downloadable software for advertisers to communicate and interact with online communities; downloadable software for streaming multimedia entertainment content; downloadable computer software; downloadable software for processing images, graphics, audio, video, and text; downloadable computer software

for sending and receiving electronic messages, graphics, images, audio and audio visual content via computer the internet and communication networks; downloadable software for managing social networking content, interacting with a virtual community, and transmission of images, audio, audio-visual and video content, photographs, videos, data, text, messages, comments, advertisements, media advertising communications and information; downloadable software for use in customer relationship management (CRM); Downloadable messaging software; downloadable software for facilitating and arranging for the financing and distribution of fundraising and donations; downloadable software for online charitable fundraising services and distribution of charitable fundraising donations.

Class 35 : Marketing, advertising and promotion services; Provision of market research and information services; Promoting the goods and services of others via the internet and communication networks; Business and advertising services, namely, media planning and media buying for others; Business and advertising services, namely, advertising services for tracking advertising performance, for managing, distributing and serving advertising, for analyzing advertising data, for reporting advertising data, and for optimizing advertising performance; Consulting services in the fields of advertising and marketing; Facilitating the exchange and sale of services and products of third parties via the internet and communication networks; Providing online marketplaces for sellers of goods and/or services; Providing online network environments for connecting sellers with buyers; Business networking; Employment consultancy and recruiting services; Advertising and information distribution services, namely, providing classified advertising space via the internet and communications networks; Providing online computer databases and online searchable databases in the field of classifieds; Pre-paid gift card services, namely, issuing gift card certificates that may be redeemed for goods or services; Charitable services, namely, promoting public awareness about charitable, philanthropic, volunteer, public and community service and humanitarian activities; Advertising via electronic media; Customer relationship management; Advertising services; Dissemination of advertising for others via the internet and communication networks; Promoting the goods and services of others by means of distributing video advertising on the internet and communication networks; Advertising services, namely, targeting and optimization of online advertising; Business management; Media planning and media buying for others and procurement services for others; Media advertisement planning and media buying services; Brand consulting; Design of advertising materials for others; Providing online business directories featuring the businesses, products and services of others.

Class 36: Financial transaction processing services, namely, providing secure commercial transactions and

payment options; Electronic processing and transmission of bill payment data for users of the internet and communications networks; Electronic funds transfer services; Credit card, debit card, and gift card transaction processing services; Merchant services, namely, payment transaction processing services; Providing electronic mobile payment services for others; Payment processing services; Financial transaction services; Facilitating and arranging for the financing and distribution of fundraising and donations; Online charitable fundraising services and distribution of charitable fundraising donations.

Class 38: Photo sharing and video sharing services, namely, electronic transmission of digital photo files, videos and audio visual content among internet users; Telecommunications; Providing access to computer, electronic and online databases; Telecommunications services, namely, electronic transmission of electronic media, data, messages, graphics, images, audio, video and information; Providing online forums for communication on topics of general interest; Providing online communications links which transfer mobile device and internet users to other local and global online locations; Facilitating access to third party websites or to other electronic third party content via a universal login, namely, providing online communications links which transfer the user to other local or global webpages; Electronic transmission of text and data, namely, providing online chat rooms, instant messaging services, and electronic bulletin boards; Audio, text and video broadcasting services over the internet or other communications networks; Voice over internet protocol (VOIP) services; Telephony communication services; Providing access to computer databases in the fields of social networking and social introduction and dating; Peer-to-peer photo and data sharing services, namely, electronic transmission of digital photo files, graphics and audio content among internet users; Telecommunications and peer-to-peer network computer services, namely, electronic transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Streaming and live streaming of video, audiovisual, and interactive audiovisual content via the internet; Teleconferencing; Telecommunication services, namely, data transmission and reception services via telecommunication networks; Web messaging; Electronic exchange of voice, data, audio, video, text and graphics accessible via the internet and telecommunications networks; Audio, text and video broadcasting services over the internet and other communications networks.

Class 41: Entertainment services; Providing access via the Internet and communication networks to interactive electronic and online databases of user-defined content, third-party content, photos, video, audio, visual, and audio-visual material in the field of general interest; Photosharing and video sharing services for entertainment services; Electronic publishing services for others;

Entertainment services, namely, facilitating interactive and multiplayer and single player game services provided via the internet or communication networks; Providing information about electronic, video or interactive multimedia games via the internet or communications networks; arranging and conducting incentive award programs designed to recognize, reward and encourage individuals and groups which engage in self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community service and humanitarian activities and sharing of creative work product; Publication of educational materials, namely, publishing of books, journals, newsletters, and electronic publications; Educational services, namely, organizing and conducting conferences, courses, seminars, and online training in the fields of advertising, marketing, social networking, the internet, and social media, and distribution of course material in connection therewith; Online journals, namely, weblogs (blogs) featuring user-defined content; Entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content; Entertainment services, namely, providing augmented reality games, interactive entertainment and augmented reality content; Entertainment services, namely, providing mixed reality games, interactive entertainment and mixed reality content; Providing electronic and interactive multimedia games; Providing online virtual reality games; Providing online augmented reality games; Providing online mixed reality games; Providing computer, electronic and online databases in the field of entertainment; Publishing services, namely, publishing of electronic publications for others; Entertainment services, namely, providing online facilities for streaming entertainment content and live streaming video of entertainment events; Providing online games; Entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content and experiences; Entertainment services, namely, providing augmented reality games, interactive entertainment and augmented reality content and experiences; Entertainment services, namely, providing mixed reality games, interactive entertainment and mixed reality content and experiences; Virtual reality game services provided online from a computer network; Augmented reality game services provided online from a computer network; Providing online virtual reality games; Providing online game software; Entertainment services, namely, providing interactive games; Entertainment services, namely, providing augmented reality games and interactive entertainment content; Entertainment services, namely, providing online virtual reality environments; Entertainment services, namely, providing online augmented reality environments; Providing entertainment information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, photographic images and audio visual information, via the internet and communication networks; Providing a website featuring non-downloadable publications about virtual reality

technology; Providing a website featuring non-downloadable publications about augmented reality technology; Providing of training; Sporting and cultural activities; Entertainment and educational services, namely, providing non-downloadable movies, television shows, webcasts, audiovisual, and multimedia works via the internet, as well as information, reviews, and recommendations regarding movies, television shows, webcasts, audiovisual, and multimedia works

Class 42: Design and development of computer hardware and software; Computer services, namely, creating virtual communities for registered users to organize groups, meetings, and events, participate in discussions and engage in social, business and community networking; Computer services, namely, providing online interfaces, namely, web interfaces and mobile interfaces for others for organizing and conducting meetings, events and interactive discussions via the internet and communication networks; Computer software services in the nature of customized electronic personal and group profiles or webpages featuring user-defined or specified information, including, audio, video, images, text, content, and data; Computer services, namely, providing search engines for obtaining data via the internet and communications networks; Providing online interfaces, namely, web interfaces and mobile interfaces featuring technology that enables online users to create personal profiles featuring social and business networking information, to transfer and share such information among multiple online facilities, to engage in social networking, and to manage their social networking accounts; Providing temporary use of non-downloadable software for social networking, creating a virtual community, and transmission of audio, video, images, text, content, and data; Application service provider (ASP) services, namely, hosting software applications of others; Application service provider (ASP) featuring software to enable or facilitate the creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via the internet and communications networks; Providing an online network service that enables users to transfer personal identity data to and share personal identity data with and among multiple online facilities; Providing information of general interest from searchable indexes and databases of information, including text, electronic documents, databases, graphics, electronic media, images and audio visual content, via the internet and communications networks; Providing non-downloadable e-commerce software to allow users to perform electronic business transactions via the internet and communications networks; Software as a service (SAAS) services featuring software for sending and receiving electronic messages, notifications and alerts and for facilitating electronic business transactions via the internet and communications networks; Providing temporary use of

non-downloadable software for use in designing, managing, measuring, analyzing, disseminating, and serving advertising of others; Online ad-buying platform provider, namely, providing non-downloadable software programs for allowing buyers and sellers of online advertising to purchase and sell advertising inventory; Application service provider (ASP) featuring software for use in buying, selling, designing, managing, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; Development of hardware for use in connection with electronic and interactive multimedia games; Electronic and interactive multimedia game development services; Providing online interfaces, namely, web interfaces and mobile interfaces that gives users the ability to upload, modify and share virtual reality content, information, experiences and data; Providing online interfaces, namely, web interfaces and mobile interfaces that gives users the ability to upload, modify and share augmented reality content, information, experiences and data; Providing online interfaces, namely, web interfaces and mobile interfaces that gives users the ability to upload, modify and share mixed reality content, information, experiences and data; Providing temporary use of non-downloadable software enabling development, assessment, testing, and maintenance of mobile software applications for portable computing devices; Providing user authentication services using single sign-on and software technology for e-commerce transactions; Providing user authentication services of electronic funds transfer, credit and debit card and electronic check transactions using single sign-on and software technology; Providing an application programming interface (API) to allow users to perform electronic business monetary transactions via the internet; Providing temporary use of non-downloadable software for processing electronic payments; Platform as a service (PAAS) services featuring software to allow users to perform business and e-commerce transactions; Providing application programming interface (API) software for use in electronic messaging and transmission of audio, video, images, text, content and data; Providing temporary use of non-downloadable software for electronic messaging; Mapping services; Providing temporary use of non-downloadable software for mapping services; Application service provider (ASP) featuring software for mapping services; Providing temporary use of non-downloadable software for sharing and displaying a user's location, planning activities with other users and making recommendations; Application service provider (ASP) featuring software to enable or facilitate the sharing and displaying a user's location, planning activities with other users and making recommendations; Providing temporary use of non-downloadable software for social and destination mapping; Application service provider (ASP) featuring software to enable or facilitate social and destination mapping; Providing temporary use of non-downloadable software for making reservations and bookings; Application service provider (ASP) featuring software to enable or facilitate making reservations and

bookings; Providing temporary use of non-downloadable software for ordering and/or purchasing goods and services; Application service provider (ASP) featuring software to enable or facilitate ordering and/or purchasing goods and services; Providing temporary use of non-downloadable location-aware software, namely, software that takes into account the users location for searching, determining and sharing the location of goods, services and events of interest; Application service provider (ASP) featuring location-aware software for searching, determining and sharing the location of goods, services and events of interest; Providing temporary use of non-downloadable software for creating, managing and accessing user-created and administered private groups within virtual communities; Providing temporary use of non-downloadable software for searching and identifying local and location-based points of interest, events, landmarks, employment opportunities, entertainment, cultural events, shopping and offers; Providing temporary use of non-downloadable software for searching and identifying employment opportunities; Providing temporary use of non-downloadable software for identifying and allowing users to contact government representatives; Providing temporary use of non-downloadable software for providing a virtual marketplace; Providing temporary use of non-downloadable software for providing location-based weather information; Providing temporary use of non-downloadable software for providing, linking to, or streaming news or current events information; Providing temporary use of non-downloadable software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; Application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; Design of augmented reality and virtual reality effects for use in modifying photographs, images, videos and audio-visual content; Platform as a service (PAAS) featuring software platforms for use in purchasing and disseminating advertising; Providing temporary use of non-downloadable software for modifying photographs, images and audio, video, and audio-video content with filters and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; Providing temporary use of non-downloadable software for viewing and interacting with a feed of electronic media, namely, images, audio-visual and video content, live streaming video, commentary, advertisements, news, and internet links; Providing temporary use of non-downloadable software for finding content and content publishers, and for subscribing to content; Providing temporary use of non-downloadable software for organizing images, video, and audio-visual content using metadata tags; Application service provider (ASP) featuring software for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages,

advertisements, media advertising communications and information; Application service provider (ASP) featuring application programming interface (API) software which facilitates online software services for social networking and developing software applications; Platform as a service (PAAS) featuring software platforms for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Rental of software that gives users the ability to upload, edit, and share images, videos and audio-visual content; Computer services, namely, providing temporary use of non-downloadable software for curating online user-defined content and advertisements and creating social media feeds; Providing temporary use of non-downloadable software for taking photographs and recording audio, audio-visual and video content; Providing temporary use of non-downloadable software for uploading, downloading, archiving, enabling transmission of, and sharing images, audio-visual and video content and associated text and data; Providing temporary use of non-downloadable software for streaming multimedia entertainment content; Providing temporary use of non-downloadable software for creating and maintaining an online presence for individuals, groups, companies, and brands; Providing temporary use of non-downloadable software for advertisers to communicate and interact with online communities; Personal assistant software; Social assistant software; Providing online interfaces, namely, web interfaces and mobile interfaces featuring temporary use of non-downloadable software for sending and receiving electronic messages, instant messages, electronic message alerts and reminders, photographs, images, graphics, data, audio, videos and audio-visual content via the internet and communication networks; Application service provider (ASP) services featuring software to enable or facilitate voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; Providing temporary use of non-downloadable software for use in taking and editing photographs and recording and editing videos; Application service provider (ASP) featuring software to enable or facilitate taking and editing photographs and recording and editing videos; Video game development services; Computer programming services for creating virtual reality videos and games; Design and development of augmented reality hardware and software; Software development; Providing temporary use of online non-downloadable software; Application service provider (ASP); Providing online interfaces, namely, web interfaces and mobile interfaces that give users the ability to upload, modify and share audio, video, photographic images, text, graphics and data; Providing software and applications for customer relationship management (CRM); Application service provider (ASP) featuring software for customer relationship management (CRM); Computer services, namely, application service

provider featuring application programming interface (API) software for customer relationship management (CRM); Hosting of digital [virtual reality and augmented reality] content on the internet; Industrial analysis and research services; Providing temporary use of non-downloadable software for facilitating and arranging for the financing and distribution of fundraising and donations; Providing temporary use of non-downloadable software for online charitable fundraising services and financial donation services.

Class 45: Social introduction and networking and dating services; Providing access to computer databases and online searchable databases in the fields of social networking, social introduction and dating; Providing information in the field of personal development, self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community services, and humanitarian activities; Providing concierge services for others, namely, booking reservations, facilitating purchases, arranging deliveries, making requested personal arrangements, providing recommendations on products and services, providing customer-specific information to meet individual needs, and provision of electronic reminders and notifications; Online social networking services; Providing information in the form of databases featuring information in the fields of social networking and social introduction; electronic identify verification services using technology to authenticate user identity; providing authentication of personal identification information; business identification verification services, namely, providing authentication of business identification services; Legal services.

Any person may within two (2) months from the date of the first publication of this advertisement in the Intellectual Property Journal, file a notice of opposition in Form 3 at the Companies and Intellectual Property Office, of the opposition to the registration of the said trademark.

FACEBOOK, INC. of 1601 WILLOW ROAD, MENLO PARK, CALIFORNIA 94025, UNITED STATES OF AMERICA has applied through their agent ALICK C. LAWRENCE of NANCY WHITICKER HOUSE, 7 OLD STREET, ROSEAU, COMMONWEALTH OF DOMINICA to the Companies and Intellectual Property Office for the registration of one Trade Mark consisting of the following word and device based on an application received on 3<sup>rd</sup> April, 2019.

Classes 9, 35, 36, 38, 41, 42 and 45 that is to say:

Class 9: Computer hardware; downloadable software for social networking and interacting with online communities; downloadable software development tools;

downloadable software for use as an application programming interface (API); Application programming interface (API) for use in building software applications; Application programming interface (API) for software which facilitates online services for social networking and for data retrieval, upload, download, access and management; downloadable software for creating, managing, and interacting with an online community; downloadable software for organizing events, searching for events, calendaring and managing events; downloadable software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer the internet and communication networks; downloadable software for modifying and enabling transmission of images, audio, audio visual and video content and data; downloadable software for modifying photographs, images and audio, video, and audio-visual content with filters and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; downloadable software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; Downloadable e-commerce computer software to allow users to perform electronic business transactions via the internet and communication networks; downloadable software for sending and receiving electronic messages, alerts, notifications and reminders; Search engine software; Magnetically encoded gift cards; downloadable software for use in creating, managing, measuring, and disseminating advertising of others; Ad server, namely, a computer server for storing advertisements and delivering advertisements to websites; Virtual reality game software; Augmented reality game software; Mixed reality game software; Virtual reality game computer hardware; Augmented reality game computer hardware; Mixed reality game computer hardware; Computer peripheral devices; Electronic game software; Virtual reality software; Augmented reality software; Mixed reality software; Video game software; downloadable software for integrating electronic data with real world environments for the purposes of entertainment, education, gaming, communicating, and social networking; downloadable software for accessing and viewing text, images and electronic data relating to conferences in the field of software development; downloadable software to enable development, assessment, testing, and maintenance of mobile software applications for portable electronic communication devices, namely, mobile phones, smartphones, handheld computers and computer tablets; downloadable software for converting natural language into machine-executable commands; downloadable software, namely, an interpretive interface for facilitating interaction between humans and machines; Artificial intelligence software; downloadable personal assistant software to address the

needs of others; downloadable social assistant software to address the needs of others; downloadable software for mapping services; downloadable software for planning activities with other users and making recommendations for activities; downloadable software for social and destination mapping, namely, locating points of interest and individual locations on a map; downloadable software for making reservations and bookings at locations and activities of interest; downloadable software for ordering and/or purchasing goods and services via the Internet and communication networks; downloadable location-aware software for searching, determining and sharing locations on a map; downloadable software for wireless content, data and information delivery via the Internet and communication networks; downloadable software to enable accessing, displaying, editing, linking, sharing and otherwise providing electronic media and information via the internet and communications networks; downloadable software, namely, an application providing social networking services; downloadable software for creating, managing and accessing groups within virtual communities; downloadable software for location-based searching and alerts, namely, search engine services; downloadable software for searching and identifying employment opportunities; downloadable software for identifying and allowing users to contact government representatives; downloadable software providing a virtual marketplace; downloadable software providing location-based weather information; downloadable software providing, linking to, or streaming news or current events information; downloadable software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; downloadable software for viewing and interacting with a feed of images, audio, audio-visual and video content and associated text and data; downloadable software for finding content and content publishers, and for subscribing to content; downloadable software for creating and managing social media profiles and user accounts; downloadable software that enables individuals, groups, companies, and brands to create and maintain an online presence for marketing purposes; downloadable software for advertisers to communicate and interact with online communities; downloadable software for streaming multimedia entertainment content; downloadable computer software; downloadable software for processing images, graphics, audio, video, and text; downloadable computer software for sending and receiving electronic messages, graphics, images, audio and audio visual content via computer the internet and communication networks; downloadable software for managing social networking content, interacting with a virtual community, and transmission of images, audio, audio-visual and video content, photographs, videos, data, text, messages, comments, advertisements, media advertising communications and information; downloadable software for use in customer relationship management (CRM); Downloadable messaging software; downloadable software for facilitating and arranging for the financing and

distribution of fundraising and donations; downloadable software for online charitable fundraising services and distribution of charitable fundraising donations.

Class 35 : Marketing, advertising and promotion services; Provision of market research and information services; Promoting the goods and services of others via the internet and communication networks; Business and advertising services, namely, media planning and media buying for others; Business and advertising services, namely, advertising services for tracking advertising performance, for managing, distributing and serving advertising, for analyzing advertising data, for reporting advertising data, and for optimizing advertising performance; Consulting services in the fields of advertising and marketing; Facilitating the exchange and sale of services and products of third parties via the internet and communication networks; Providing online marketplaces for sellers of goods and/or services; Providing online network environments for connecting sellers with buyers; Business networking; Employment consultancy and recruiting services; Advertising and information distribution services, namely, providing classified advertising space via the internet and communications networks; Providing online computer databases and online searchable databases in the field of classifieds; Pre-paid gift card services, namely, issuing gift card certificates that may be redeemed for goods or services; Charitable services, namely, promoting public awareness about charitable, philanthropic, volunteer, public and community service and humanitarian activities; Advertising via electronic media; Customer relationship management; Advertising services; Dissemination of advertising for others via the internet and communication networks; Promoting the goods and services of others by means of distributing video advertising on the internet and communication networks; Advertising services, namely, targeting and optimization of online advertising; Business management; Media planning and media buying for others and procurement services for others; Media advertisement planning and media buying services; Brand consulting; Design of advertising materials for others; Providing online business directories featuring the businesses, products and services of others.

Class 36: Financial transaction processing services, namely, providing secure commercial transactions and payment options; Electronic processing and transmission of bill payment data for users of the internet and communications networks; Electronic funds transfer services; Credit card, debit card, and gift card transaction processing services; Merchant services, namely, payment transaction processing services; Providing electronic mobile payment services for others; Payment processing services; Financial transaction services; Facilitating and arranging for the financing and distribution of fundraising and donations; Online charitable fundraising services and distribution of charitable fundraising donations.

Class 38: Photo sharing and video sharing services, namely, electronic transmission of digital photo files, videos and audio visual content among internet users; Telecommunications; Providing access to computer, electronic and online databases; Telecommunications services, namely, electronic transmission of electronic media, data, messages, graphics, images, audio, video and information; Providing online forums for communication on topics of general interest; Providing online communications links which transfer mobile device and internet users to other local and global online locations; Facilitating access to third party websites or to other electronic third party content via a universal login, namely, providing online communications links which transfer the user to other local or global webpages; Electronic transmission of text and data, namely, providing online chat rooms, instant messaging services, and electronic bulletin boards; Audio, text and video broadcasting services over the internet or other communications networks; Voice over internet protocol (VOIP) services; Telephony communication services; Providing access to computer databases in the fields of social networking and social introduction and dating; Peer-to-peer photo and data sharing services, namely, electronic transmission of digital photo files, graphics and audio content among internet users; Telecommunications and peer-to-peer network computer services, namely, electronic transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Streaming and live streaming of video, audiovisual, and interactive audiovisual content via the internet; Teleconferencing; Telecommunication services, namely, data transmission and reception services via telecommunication networks; Web messaging; Electronic exchange of voice, data, audio, video, text and graphics accessible via the internet and telecommunications networks; Audio, text and video broadcasting services over the internet and other communications networks.

Class 41: Entertainment services; Providing access via the Internet and communication networks to interactive electronic and online databases of user-defined content, third-party content, photos, video, audio, visual, and audio-visual material in the field of general interest; Photosharing and video sharing services for entertainment services; Electronic publishing services for others; Entertainment services, namely, facilitating interactive and multiplayer and single player game services provided via the internet or communication networks; Providing information about electronic, video or interactive multimedia games via the internet or communications networks; arranging and conducting incentive award programs designed to recognize, reward and encourage individuals and groups which engage in self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community service and humanitarian activities and sharing of creative work product; Publication of educational materials, namely, publishing of books,

journals, newsletters, and electronic publications; Educational services, namely, organizing and conducting conferences, courses, seminars, and online training in the fields of advertising, marketing, social networking, the internet, and social media, and distribution of course material in connection therewith; Online journals, namely, weblogs (blogs) featuring user-defined content; Entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content; Entertainment services, namely, providing augmented reality games, interactive entertainment and augmented reality content; Entertainment services, namely, providing mixed reality games, interactive entertainment and mixed reality content; Providing electronic and interactive multimedia games; Providing online virtual reality games; Providing online augmented reality games; Providing online mixed reality games; Providing computer, electronic and online databases in the field of entertainment; Publishing services, namely, publishing of electronic publications for others; Entertainment services, namely, providing online facilities for streaming entertainment content and live streaming video of entertainment events; Providing online games; Entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content and experiences; Entertainment services, namely, providing augmented reality games, interactive entertainment and augmented reality content and experiences; Entertainment services, namely, providing mixed reality games, interactive entertainment and mixed reality content and experiences; Virtual reality game services provided online from a computer network; Augmented reality game services provided online from a computer network; Providing online virtual reality games; Providing online game software; Entertainment services, namely, providing interactive games; Entertainment services, namely, providing augmented reality games and interactive entertainment content; Entertainment services, namely, providing online virtual reality environments; Entertainment services, namely, providing online augmented reality environments; Providing entertainment information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, photographic images and audio visual information, via the internet and communication networks; Providing a website featuring non-downloadable publications about virtual reality technology; Providing a website featuring non-downloadable publications about augmented reality technology; Providing of training; Sporting and cultural activities; Entertainment and educational services, namely, providing non-downloadable movies, television shows, webcasts, audiovisual, and multimedia works via the internet, as well as information, reviews, and recommendations regarding movies, television shows, webcasts, audiovisual, and multimedia works

Class 42: Design and development of computer hardware and software; Computer services, namely, creating virtual

communities for registered users to organize groups, meetings, and events, participate in discussions and engage in social, business and community networking; Computer services, namely, providing online interfaces, namely, web interfaces and mobile interfaces for others for organizing and conducting meetings, events and interactive discussions via the internet and communication networks; Computer software services in the nature of customized electronic personal and group profiles or webpages featuring user-defined or specified information, including, audio, video, images, text, content, and data; Computer services, namely, providing search engines for obtaining data via the internet and communications networks; Providing online interfaces, namely, web interfaces and mobile interfaces featuring technology that enables online users to create personal profiles featuring social and business networking information, to transfer and share such information among multiple online facilities, to engage in social networking, and to manage their social networking accounts; Providing temporary use of non-downloadable software for social networking, creating a virtual community, and transmission of audio, video, images, text, content, and data; Application service provider (ASP) services, namely, hosting software applications of others; Application service provider (ASP) featuring software to enable or facilitate the creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via the internet and communications networks; Providing an online network service that enables users to transfer personal identity data to and share personal identity data with and among multiple online facilities; Providing information of general interest from searchable indexes and databases of information, including text, electronic documents, databases, graphics, electronic media, images and audio visual content, via the internet and communications networks; Providing non-downloadable e-commerce software to allow users to perform electronic business transactions via the internet and communications networks; Software as a service (SAAS) services featuring software for sending and receiving electronic messages, notifications and alerts and for facilitating electronic business transactions via the internet and communications networks; Providing temporary use of non-downloadable software for use in designing, managing, measuring, analyzing, disseminating, and serving advertising of others; Online ad-buying platform provider, namely, providing non-downloadable software programs for allowing buyers and sellers of online advertising to purchase and sell advertising inventory; Application service provider (ASP) featuring software for use in buying, selling, designing, managing, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; Development of hardware for use in connection with electronic and interactive multimedia games; Electronic

and interactive multimedia game development services; Providing online interfaces, namely, web interfaces and mobile interfaces that gives users the ability to upload, modify and share virtual reality content, information, experiences and data; Providing online interfaces, namely, web interfaces and mobile interfaces that gives users the ability to upload, modify and share augmented reality content, information, experiences and data; Providing online interfaces, namely, web interfaces and mobile interfaces that gives users the ability to upload, modify and share mixed reality content, information, experiences and data; Providing temporary use of non-downloadable software enabling development, assessment, testing, and maintenance of mobile software applications for portable computing devices; Providing user authentication services using single sign-on and software technology for e-commerce transactions; Providing user authentication services of electronic funds transfer, credit and debit card and electronic check transactions using single sign-on and software technology; Providing an application programming interface (API) to allow users to perform electronic business monetary transactions via the internet; Providing temporary use of non-downloadable software for processing electronic payments; Platform as a service (PAAS) services featuring software to allow users to perform business and e-commerce transactions; Providing application programming interface (API) software for use in electronic messaging and transmission of audio, video, images, text, content and data; Providing temporary use of non-downloadable software for electronic messaging; Mapping services; Providing temporary use of non-downloadable software for mapping services; Application service provider (ASP) featuring software for mapping services; Providing temporary use of non-downloadable software for sharing and displaying a user's location, planning activities with other users and making recommendations; Application service provider (ASP) featuring software to enable or facilitate the sharing and displaying a user's location, planning activities with other users and making recommendations; Providing temporary use of non-downloadable software for social and destination mapping; Application service provider (ASP) featuring software to enable or facilitate social and destination mapping; Providing temporary use of non-downloadable software for making reservations and bookings; Application service provider (ASP) featuring software to enable or facilitate making reservations and bookings; Providing temporary use of non-downloadable software for ordering and/or purchasing goods and services; Application service provider (ASP) featuring software to enable or facilitate ordering and/or purchasing goods and services; Providing temporary use of non-downloadable location-aware software, namely, software that takes into account the users location for searching, determining and sharing the location of goods, services and events of interest; Application service provider (ASP) featuring location-aware software for searching, determining and sharing the location of goods, services

and events of interest; Providing temporary use of non-downloadable software for creating, managing and accessing user-created and administered private groups within virtual communities; Providing temporary use of non-downloadable software for searching and identifying local and location-based points of interest, events, landmarks, employment opportunities, entertainment, cultural events, shopping and offers; Providing temporary use of non-downloadable software for searching and identifying employment opportunities; Providing temporary use of non-downloadable software for identifying and allowing users to contact government representatives; Providing temporary use of non-downloadable software for providing a virtual marketplace; Providing temporary use of non-downloadable software for providing location-based weather information; Providing temporary use of non-downloadable software for providing, linking to, or streaming news or current events information; Providing temporary use of non-downloadable software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; Application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; Design of augmented reality and virtual reality effects for use in modifying photographs, images, videos and audio-visual content; Platform as a service (PAAS) featuring software platforms for use in purchasing and disseminating advertising; Providing temporary use of non-downloadable software for modifying photographs, images and audio, video, and audio-video content with filters and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; Providing temporary use of non-downloadable software for viewing and interacting with a feed of electronic media, namely, images, audio-visual and video content, live streaming video, commentary, advertisements, news, and internet links; Providing temporary use of non-downloadable software for finding content and content publishers, and for subscribing to content; Providing temporary use of non-downloadable software for organizing images, video, and audio-visual content using metadata tags; Application service provider (ASP) featuring software for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Application service provider (ASP) featuring application programming interface (API) software which facilitates online software services for social networking and developing software applications; Platform as a service (PAAS) featuring software platforms for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising

communications and information; Rental of software that gives users the ability to upload, edit, and share images, videos and audio-visual content; Computer services, namely, providing temporary use of non-downloadable software for curating online user-defined content and advertisements and creating social media feeds; Providing temporary use of non-downloadable software for taking photographs and recording audio, audio-visual and video content; Providing temporary use of non-downloadable software for uploading, downloading, archiving, enabling transmission of, and sharing images, audio-visual and video content and associated text and data; Providing temporary use of non-downloadable software for streaming multimedia entertainment content; Providing temporary use of non-downloadable software for creating and maintaining an online presence for individuals, groups, companies, and brands; Providing temporary use of non-downloadable software for advertisers to communicate and interact with online communities; Personal assistant software; Social assistant software; Providing online interfaces, namely, web interfaces and mobile interfaces featuring temporary use of non-downloadable software for sending and receiving electronic messages, instant messages, electronic message alerts and reminders, photographs, images, graphics, data, audio, videos and audio-visual content via the internet and communication networks; Application service provider (ASP) services featuring software to enable or facilitate voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; Providing temporary use of non-downloadable software for use in taking and editing photographs and recording and editing videos; Application service provider (ASP) featuring software to enable or facilitate taking and editing photographs and recording and editing videos; Video game development services; Computer programming services for creating virtual reality videos and games; Design and development of augmented reality hardware and software; Software development; Providing temporary use of online non-downloadable software; Application service provider (ASP); Providing online interfaces, namely, web interfaces and mobile interfaces that give users the ability to upload, modify and share audio, video, photographic images, text, graphics and data; Providing software and applications for customer relationship management (CRM); Application service provider (ASP) featuring software for customer relationship management (CRM); Computer services, namely, application service provider featuring application programming interface (API) software for customer relationship management (CRM); Hosting of digital [virtual reality and augmented reality] content on the internet; Industrial analysis and research services; Providing temporary use of non-downloadable software for facilitating and arranging for the financing and distribution of fundraising and donations; Providing temporary use of non-downloadable software for online charitable fundraising services and financial donation services.

Class 45: Social introduction and networking and dating services; Providing access to computer databases and online searchable databases in the fields of social networking, social introduction and dating; Providing information in the field of personal development, self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community services, and humanitarian activities; Providing concierge services for others, namely, booking reservations, facilitating purchases, arranging deliveries, making requested personal arrangements, providing recommendations on products and services, providing customer-specific information to meet individual needs, and provision of electronic reminders and notifications; Online social networking services; Providing information in the form of databases featuring information in the fields of social networking and social introduction; electronic identify verification services using technology to authenticate user identity; providing authentication of personal identification information; business identification verification services, namely, providing authentication of business identification services; Legal services.

Any person may within two (2) months from the date of the first publication of this advertisement in the Intellectual Property Journal, file a notice of opposition in Form 3 at the Companies and Intellectual Property Office, of the opposition to the registration of the said trademark.

FACEBOOK, INC. of 1601 WILLOW ROAD, MENLO PARK, CALIFORNIA 94025, UNITED STATES OF AMERICA has applied through their agent ALICK C. LAWRENCE of NANCY WHITICKER HOUSE, 7 OLD STREET, ROSEAU, COMMONWEALTH OF DOMINICA to the Companies and Intellectual Property Office for the registration of one Trade Mark consisting of the following word and device based on an application received on 3<sup>rd</sup> April, 2019.

## FACEBOOK

Classes 9, 35, 36, 38, 41, 42 and 45 that is to say:

Class 9: Computer hardware; downloadable software for social networking and interacting with online communities; downloadable software development tools; downloadable software for use as an application programming interface (API); Application programming interface (API) for use in building software applications; Application programming interface (API) for software which facilitates online services for social networking and for data retrieval, upload, download, access and management; downloadable software for creating, managing, and interacting with an online community; downloadable software for organizing events, searching for events, calendaring and managing events; downloadable software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying,

tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer the internet and communication networks; downloadable software for modifying and enabling transmission of images, audio, audio visual and video content and data; downloadable software for modifying photographs, images and audio, video, and audio-visual content with filters and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; downloadable software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; Downloadable e-commerce computer software to allow users to perform electronic business transactions via the internet and communication networks; downloadable software for sending and receiving electronic messages, alerts, notifications and reminders; Search engine software; Magnetically encoded gift cards; downloadable software for use in creating, managing, measuring, and disseminating advertising of others; Ad server, namely, a computer server for storing advertisements and delivering advertisements to websites; Virtual reality game software; Augmented reality game software; Mixed reality game software; Virtual reality game computer hardware; Augmented reality game computer hardware; Mixed reality game computer hardware; Computer peripheral devices; Electronic game software; Virtual reality software; Augmented reality software; Mixed reality software; Video game software; downloadable software for integrating electronic data with real world environments for the purposes of entertainment, education, gaming, communicating, and social networking; downloadable software for accessing and viewing text, images and electronic data relating to conferences in the field of software development; downloadable software to enable development, assessment, testing, and maintenance of mobile software applications for portable electronic communication devices, namely, mobile phones, smartphones, handheld computers and computer tablets; downloadable software for converting natural language into machine-executable commands; downloadable software, namely, an interpretive interface for facilitating interaction between humans and machines; Artificial intelligence software; downloadable personal assistant software to address the needs of others; downloadable social assistant software to address the needs of others; downloadable software for mapping services; downloadable software for planning activities with other users and making recommendations for activities; downloadable software for social and destination mapping, namely, locating points of interest and individual locations on a map; downloadable software for making reservations and bookings at locations and activities of interest; downloadable software for ordering and/or purchasing goods and services via the Internet and communication networks; downloadable location-aware software for searching, determining and sharing locations

on a map; downloadable software for wireless content, data and information delivery via the Internet and communication networks; downloadable software to enable accessing, displaying, editing, linking, sharing and otherwise providing electronic media and information via the internet and communications networks; downloadable software, namely, an application providing social networking services; downloadable software for creating, managing and accessing groups within virtual communities; downloadable software for location-based searching and alerts, namely, search engine services; downloadable software for searching and identifying employment opportunities; downloadable software for identifying and allowing users to contact government representatives; downloadable software providing a virtual marketplace; downloadable software providing location-based weather information; downloadable software providing, linking to, or streaming news or current events information; downloadable software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; downloadable software for viewing and interacting with a feed of images, audio, audio-visual and video content and associated text and data; downloadable software for finding content and content publishers, and for subscribing to content; downloadable software for creating and managing social media profiles and user accounts; downloadable software that enables individuals, groups, companies, and brands to create and maintain an online presence for marketing purposes; downloadable software for advertisers to communicate and interact with online communities; downloadable software for streaming multimedia entertainment content; downloadable computer software; downloadable software for processing images, graphics, audio, video, and text; downloadable computer software for sending and receiving electronic messages, graphics, images, audio and audio visual content via computer the internet and communication networks; downloadable software for managing social networking content, interacting with a virtual community, and transmission of images, audio, audio-visual and video content, photographs, videos, data, text, messages, comments, advertisements, media advertising communications and information; downloadable software for use in customer relationship management (CRM); Downloadable messaging software; downloadable software for facilitating and arranging for the financing and distribution of fundraising and donations; downloadable software for online charitable fundraising services and distribution of charitable fundraising donations.

Class 35 : Marketing, advertising and promotion services; Provision of market research and information services; Promoting the goods and services of others via the internet and communication networks; Business and advertising services, namely, media planning and media buying for others; Business and advertising services, namely, advertising services for tracking advertising performance, for managing, distributing and serving advertising, for

analyzing advertising data, for reporting advertising data, and for optimizing advertising performance; Consulting services in the fields of advertising and marketing; Facilitating the exchange and sale of services and products of third parties via the internet and communication networks; Providing online marketplaces for sellers of goods and/or services; Providing online network environments for connecting sellers with buyers; Business networking; Employment consultancy and recruiting services; Advertising and information distribution services, namely, providing classified advertising space via the internet and communications networks; Providing online computer databases and online searchable databases in the field of classifieds; Pre-paid gift card services, namely, issuing gift card certificates that may be redeemed for goods or services; Charitable services, namely, promoting public awareness about charitable, philanthropic, volunteer, public and community service and humanitarian activities; Advertising via electronic media; Customer relationship management; Advertising services; Dissemination of advertising for others via the internet and communication networks; Promoting the goods and services of others by means of distributing video advertising on the internet and communication networks; Advertising services, namely, targeting and optimization of online advertising; Business management; Media planning and media buying for others and procurement services for others; Media advertisement planning and media buying services; Brand consulting; Design of advertising materials for others; Providing online business directories featuring the businesses, products and services of others.

Class 36: Financial transaction processing services, namely, providing secure commercial transactions and payment options; Electronic processing and transmission of bill payment data for users of the internet and communications networks; Electronic funds transfer services; Credit card, debit card, and gift card transaction processing services; Merchant services, namely, payment transaction processing services; Providing electronic mobile payment services for others; Payment processing services; Financial transaction services; Facilitating and arranging for the financing and distribution of fundraising and donations; Online charitable fundraising services and distribution of charitable fundraising donations.

Class 38: Photo sharing and video sharing services, namely, electronic transmission of digital photo files, videos and audio visual content among internet users; Telecommunications; Providing access to computer, electronic and online databases; Telecommunications services, namely, electronic transmission of electronic media, data, messages, graphics, images, audio, video and information; Providing online forums for communication on topics of general interest; Providing online communications links which transfer mobile device and internet users to other local and global online locations; Facilitating access to third party websites or to other

electronic third party content via a universal login, namely, providing online communications links which transfer the user to other local or global webpages; Electronic transmission of text and data, namely, providing online chat rooms, instant messaging services, and electronic bulletin boards; Audio, text and video broadcasting services over the internet or other communications networks; Voice over internet protocol (VOIP) services; Telephony communication services; Providing access to computer databases in the fields of social networking and social introduction and dating; Peer-to-peer photo and data sharing services, namely, electronic transmission of digital photo files, graphics and audio content among internet users; Telecommunications and peer-to-peer network computer services, namely, electronic transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Streaming and live streaming of video, audiovisual, and interactive audiovisual content via the internet; Teleconferencing; Telecommunication services, namely, data transmission and reception services via telecommunication networks; Web messaging; Electronic exchange of voice, data, audio, video, text and graphics accessible via the internet and telecommunications networks; Audio, text and video broadcasting services over the internet and other communications networks.

Class 41: Entertainment services; Providing access via the Internet and communication networks to interactive electronic and online databases of user-defined content, third-party content, photos, video, audio, visual, and audio-visual material in the field of general interest; Photosharing and video sharing services for entertainment services; Electronic publishing services for others; Entertainment services, namely, facilitating interactive and multiplayer and single player game services provided via the internet or communication networks; Providing information about electronic, video or interactive multimedia games via the internet or communications networks; arranging and conducting incentive award programs designed to recognize, reward and encourage individuals and groups which engage in self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community service and humanitarian activities and sharing of creative work product; Publication of educational materials, namely, publishing of books, journals, newsletters, and electronic publications; Educational services, namely, organizing and conducting conferences, courses, seminars, and online training in the fields of advertising, marketing, social networking, the internet, and social media, and distribution of course material in connection therewith; Online journals, namely, weblogs (blogs) featuring user-defined content; Entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content; Entertainment services, namely, providing augmented reality games, interactive entertainment and augmented reality content; Entertainment services,

namely, providing mixed reality games, interactive entertainment and mixed reality content; Providing electronic and interactive multimedia games; Providing online virtual reality games; Providing online augmented reality games; Providing online mixed reality games; Providing computer, electronic and online databases in the field of entertainment; Publishing services, namely, publishing of electronic publications for others; Entertainment services, namely, providing online facilities for streaming entertainment content and live streaming video of entertainment events; Providing online games; Entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content and experiences; Entertainment services, namely, providing augmented reality games, interactive entertainment and augmented reality content and experiences; Entertainment services, namely, providing mixed reality games, interactive entertainment and mixed reality content and experiences; Virtual reality game services provided online from a computer network; Augmented reality game services provided online from a computer network; Providing online virtual reality games; Providing online game software; Entertainment services, namely, providing interactive games; Entertainment services, namely, providing augmented reality games and interactive entertainment content; Entertainment services, namely, providing online virtual reality environments; Entertainment services, namely, providing online augmented reality environments; Providing entertainment information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, photographic images and audio visual information, via the internet and communication networks; Providing a website featuring non-downloadable publications about virtual reality technology; Providing a website featuring non-downloadable publications about augmented reality technology; Providing of training; Sporting and cultural activities; Entertainment and educational services, namely, providing non-downloadable movies, television shows, webcasts, audiovisual, and multimedia works via the internet, as well as information, reviews, and recommendations regarding movies, television shows, webcasts, audiovisual, and multimedia works

Class 42: Design and development of computer hardware and software; Computer services, namely, creating virtual communities for registered users to organize groups, meetings, and events, participate in discussions and engage in social, business and community networking; Computer services, namely, providing online interfaces, namely, web interfaces and mobile interfaces for others for organizing and conducting meetings, events and interactive discussions via the internet and communication networks; Computer software services in the nature of customized electronic personal and group profiles or webpages featuring user-defined or specified information, including, audio, video, images, text, content, and data; Computer services, namely, providing search engines for

obtaining data via the internet and communications networks; Providing online interfaces, namely, web interfaces and mobile interfaces featuring technology that enables online users to create personal profiles featuring social and business networking information, to transfer and share such information among multiple online facilities, to engage in social networking, and to manage their social networking accounts; Providing temporary use of non-downloadable software for social networking, creating a virtual community, and transmission of audio, video, images, text, content, and data; Application service provider (ASP) services, namely, hosting software applications of others; Application service provider (ASP) featuring software to enable or facilitate the creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via the internet and communications networks; Providing an online network service that enables users to transfer personal identity data to and share personal identity data with and among multiple online facilities; Providing information of general interest from searchable indexes and databases of information, including text, electronic documents, databases, graphics, electronic media, images and audio visual content, via the internet and communications networks; Providing non-downloadable e-commerce software to allow users to perform electronic business transactions via the internet and communications networks; Software as a service (SAAS) services featuring software for sending and receiving electronic messages, notifications and alerts and for facilitating electronic business transactions via the internet and communications networks; Providing temporary use of non-downloadable software for use in designing, managing, measuring, analyzing, disseminating, and serving advertising of others; Online ad-buying platform provider, namely, providing non-downloadable software programs for allowing buyers and sellers of online advertising to purchase and sell advertising inventory; Application service provider (ASP) featuring software for use in buying, selling, designing, managing, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; Development of hardware for use in connection with electronic and interactive multimedia games; Electronic and interactive multimedia game development services; Providing online interfaces, namely, web interfaces and mobile interfaces that gives users the ability to upload, modify and share virtual reality content, information, experiences and data; Providing online interfaces, namely, web interfaces and mobile interfaces that gives users the ability to upload, modify and share augmented reality content, information, experiences and data; Providing online interfaces, namely, web interfaces and mobile interfaces that gives users the ability to upload, modify and share mixed reality content, information, experiences and data; Providing temporary use of non-downloadable

software enabling development, assessment, testing, and maintenance of mobile software applications for portable computing devices; Providing user authentication services using single sign-on and software technology for e-commerce transactions; Providing user authentication services of electronic funds transfer, credit and debit card and electronic check transactions using single sign-on and software technology; Providing an application programming interface (API) to allow users to perform electronic business monetary transactions via the internet; Providing temporary use of non-downloadable software for processing electronic payments; Platform as a service (PAAS) services featuring software to allow users to perform business and e-commerce transactions; Providing application programming interface (API) software for use in electronic messaging and transmission of audio, video, images, text, content and data; Providing temporary use of non-downloadable software for electronic messaging; Mapping services; Providing temporary use of non-downloadable software for mapping services; Application service provider (ASP) featuring software for mapping services; Providing temporary use of non-downloadable software for sharing and displaying a user's location, planning activities with other users and making recommendations; Application service provider (ASP) featuring software to enable or facilitate the sharing and displaying a user's location, planning activities with other users and making recommendations; Providing temporary use of non-downloadable software for social and destination mapping; Application service provider (ASP) featuring software to enable or facilitate social and destination mapping; Providing temporary use of non-downloadable software for making reservations and bookings; Application service provider (ASP) featuring software to enable or facilitate making reservations and bookings; Providing temporary use of non-downloadable software for ordering and/or purchasing goods and services; Application service provider (ASP) featuring software to enable or facilitate ordering and/or purchasing goods and services; Providing temporary use of non-downloadable location-aware software, namely, software that takes into account the users location for searching, determining and sharing the location of goods, services and events of interest; Application service provider (ASP) featuring location-aware software for searching, determining and sharing the location of goods, services and events of interest; Providing temporary use of non-downloadable software for creating, managing and accessing user-created and administered private groups within virtual communities; Providing temporary use of non-downloadable software for searching and identifying local and location-based points of interest, events, landmarks, employment opportunities, entertainment, cultural events, shopping and offers; Providing temporary use of non-downloadable software for searching and identifying employment opportunities; Providing temporary use of non-downloadable software for identifying and allowing users to contact government representatives; Providing temporary use of non-

downloadable software for providing a virtual marketplace; Providing temporary use of non-downloadable software for providing location-based weather information; Providing temporary use of non-downloadable software for providing, linking to, or streaming news or current events information; Providing temporary use of non-downloadable software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; Application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; Design of augmented reality and virtual reality effects for use in modifying photographs, images, videos and audio-visual content; Platform as a service (PAAS) featuring software platforms for use in purchasing and disseminating advertising; Providing temporary use of non-downloadable software for modifying photographs, images and audio, video, and audio-video content with filters and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; Providing temporary use of non-downloadable software for viewing and interacting with a feed of electronic media, namely, images, audio-visual and video content, live streaming video, commentary, advertisements, news, and internet links; Providing temporary use of non-downloadable software for finding content and content publishers, and for subscribing to content; Providing temporary use of non-downloadable software for organizing images, video, and audio-visual content using metadata tags; Application service provider (ASP) featuring software for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Application service provider (ASP) featuring application programming interface (API) software which facilitates online software services for social networking and developing software applications; Platform as a service (PAAS) featuring software platforms for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Rental of software that gives users the ability to upload, edit, and share images, videos and audio-visual content; Computer services, namely, providing temporary use of non-downloadable software for curating online user-defined content and advertisements and creating social media feeds; Providing temporary use of non-downloadable software for taking photographs and recording audio, audio-visual and video content; Providing temporary use of non-downloadable software for uploading, downloading, archiving, enabling transmission of, and sharing images, audio-visual and video content and associated text and data; Providing temporary use of non-downloadable software for streaming multimedia entertainment content; Providing

temporary use of non-downloadable software for creating and maintaining an online presence for individuals, groups, companies, and brands; Providing temporary use of non-downloadable software for advertisers to communicate and interact with online communities; Personal assistant software; Social assistant software; Providing online interfaces, namely, web interfaces and mobile interfaces featuring temporary use of non-downloadable software for sending and receiving electronic messages, instant messages, electronic message alerts and reminders, photographs, images, graphics, data, audio, videos and audio-visual content via the internet and communication networks; Application service provider (ASP) services featuring software to enable or facilitate voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; Providing temporary use of non-downloadable software for use in taking and editing photographs and recording and editing videos; Application service provider (ASP) featuring software to enable or facilitate taking and editing photographs and recording and editing videos; Video game development services; Computer programming services for creating virtual reality videos and games; Design and development of augmented reality hardware and software; Software development; Providing temporary use of online non-downloadable software; Application service provider (ASP); Providing online interfaces, namely, web interfaces and mobile interfaces that give users the ability to upload, modify and share audio, video, photographic images, text, graphics and data; Providing software and applications for customer relationship management (CRM); Application service provider (ASP) featuring software for customer relationship management (CRM); Computer services, namely, application service provider featuring application programming interface (API) software for customer relationship management (CRM); Hosting of digital [virtual reality and augmented reality] content on the internet; Industrial analysis and research services; Providing temporary use of non-downloadable software for facilitating and arranging for the financing and distribution of fundraising and donations; Providing temporary use of non-downloadable software for online charitable fundraising services and financial donation services.

Class 45: Social introduction and networking and dating services; Providing access to computer databases and online searchable databases in the fields of social networking, social introduction and dating; Providing information in the field of personal development, self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community services, and humanitarian activities; Providing concierge services for others, namely, booking reservations, facilitating purchases, arranging deliveries, making requested personal arrangements, providing recommendations on products and services, providing customer-specific information to meet individual needs, and provision of

electronic reminders and notifications; Online social networking services; Providing information in the form of databases featuring information in the fields of social networking and social introduction; electronic identify verification services using technology to authenticate user identity; providing authentication of personal identification information; business identification verification services, namely, providing authentication of business identification services; Legal services.

Any person may within two (2) months from the date of the first publication of this advertisement in the Intellectual Property Journal, file a notice of opposition in Form 3 at the Companies and Intellectual Property Office, of the opposition to the registration of the said trademark.
