LAWRENCE of NANCY WHITICKER HOUSE, 7 OLD STREET, ROSEAU to the Companies and Intellectual Property Office for the registration of one trade mark consisting of the following word, based on an application received on the 18th day of April, 2013.

ARGOS

in Class 19, that is to say: Building materials (non-metallic); non-metallic rigid pipes for building; asphalt, pitch and bitumen; non-metallic transportable buildings; monuments, not of metal.

Any person may within two (2) months from the date of the first publication of this advertisement in the Intellectual Property Journal, file a notice of opposition in Form 3 at the Companies and Intellectual Property Office, of the opposition to the registration of the said trademark.

CATERPILLAR INC. of 100 NE ADAMS STREET, PEORIA, ILLINOIS 61629, UNITED STATES OF AMERICA has applied through their agent, ALICK LAWRENCE ESQ. of NANCY WHITICKER HOUSE, 7 OLD STREET, ROSEAU to the Companies and Intellectual Property Office for the registration of one trade mark consisting of the following device, based on an application received on the 27th day of March, 2013.

in Class 37, that is to say: Building construction; repair; installation services; service, maintenance and repair of: earth moving, earth conditioning, material handling, construction, mining, paving, agricultural, oil and gas exploration, demolition, scrap, waste, landscaping, and forestry vehicles, equipment, and machinery, engines, and power generation equipment, and control units for the aforementioned; machinery installation, maintenance, and repair; rental of earth moving, earth conditioning, material handling, construction, mining, paving, agricultural, oil and gas exploration, demolition, scrap, waste, landscaping, and forestry vehicles, equipment, and machinery, and power generation equipment; remanufacturing of engines, transmissions, power train components, power generation units, land vehicles, earth moving and conditioning machinery, material handling machinery, agricultural machinery, paving and construction equipment, electronic components of the foregoing, and consumer electronics.

The applicant claims colour as a distinctive feature of the mark: yellow & black.

Any person may within two (2) months from the date of the first publication of this advertisement in the Intellectual Property Journal, file a notice of opposition in Form 3 at the Companies and Intellectual Property Office, of the opposition to the registration of the said trademark.

DIAGEO BRANDS B.V. of MOLENWERF 10-12, AMSTERDAM 1014 BG, NETHERLANDS has applied through their agent, ALICK LAWRENCE ESQ. of NANCY WHITICKER HOUSE, 7 OLD STREET, ROSEAU to the Companies and Intellectual Property Office for the registration of one trade mark consisting of the following word, based on an application received on the 26th day of April, 2013.

DOUBLE BLACK

in Class 33, that is to say: Alcoholic beverages (except beers).

Any person may within two (2) months from the date of the first publication of this advertisement in the Intellectual Property Journal, file a notice of opposition in Form 3 at the Companies and Intellectual Property Office, of the opposition to the registration of the said trademark.

INTEL CORPORATION of 2200 MISSION COLLEGE BOULEVARD, SANTA CLARA, CALIFORNIA, 95052-8119, U.S.A. has applied through their agent, ALICK LAWRENCE ESQ. of NANCY WHITICKER HOUSE, 7 OLD STREET, ROSEAU to the Companies and Intellectual Property Office for the registration of one trade mark consisting of the following word and device, based on an application received on the 26th day of April, 2013.

in Classes 9, 41 & 42, that is to say:

Class 9: Computers; handheld computers; minicomputers; computer hardware; integrated circuits; integrated circuit memories; integrated circuit chips; computer chip sets; semiconductor processors; semiconductor processor chips; semiconductor chips; microprocessors; printed circuit boards; printed circuits, namely integrated circuit boards, printed circuit boards and electrical circuit boards; electronic circuit boards; computer motherboards; computer memories; operating systems; microcontrollers; data processors; central processing units; semiconductor memory devices, namely, semiconductor memories and semiconductor memory units; software programmable processors; digital and optical microprocessors; computer peripherals; video circuit boards; audio circuit boards; audio-video circuit boards; video graphic accelerators; multimedia accelerators; video processors; video processor boards; data memories;

electronic security apparatus and surveillance apparatus, namely, computer hardware, computer chips and microprocessors optimized for electronic security surveillance; algorithm software programs for the operation and control of computers; computer operating system software; computer operating systems; computer system extensions, tools and utilities in the field of application software for connecting personal computers, networks, telecommunications apparatus and global computer network applications; computerized telecommunications and networking equipment consisting of operating system software; computer hardware and software for enhancing and providing real-time transfer, transmission, reception, processing and digitizing of audio and video graphics information; computer firmware, namely, computer operating system software, computer utility software and other computer software used to maintain and operate computer systems; computer installations; memory boards; personal digital assistants; portable and handheld electronic personal organizers; storage devices, namely, jump drives, flash drives and thumb drives; security systems for computer hardware and software, namely, firewalls, network access server hardware for creating and maintaining firewalls, virtual private network (vpn) computer hardware and computer server operating software for creating and maintaining firewalls; software for ensuring the security of computer networks; software for access control and security; computer hardware and software for use in protecting computer networks from data theft or damage by unauthorized users; components for computers; computer voice accelerator boards; computer voice, data, image and video accelerator boards; flash memory boards and flash memory cards; telecommunications equipment and computer networks, namely processing and operating systems; telecommunications apparatus and instruments, namely, computer routers, hubs, servers and switches; computer hardware and software for the development, maintenance, and use of local and wide area computer networks; set-top boxes; electronic control devices for the interface and control of computers and global computer and telecommunications networks with television and cable broadcasts and equipment; apparatus for testing and programming integrated circuits; computer peripheral memory apparatus and devices; fixed function computer servers; computer networking hardware; computer hardware and software for creating, facilitating, and managing remote access to and communication with local area networks (lans), virtual private networks (vpn), wide area networks (wans) and global computer networks; router, switch, hub and server operating software; computer software and hardware for use in providing multiple user access to a global computer information network for searching, retrieving, transferring, manipulating and disseminating a wide range of information; computer software tools for the facilitation of third party software applications; computer hardware and software for wireless network communications; downloadable electronic publications in the nature of newsletters, books, magazines, journals, brochures and white papers in the area of electronics, semiconductors, integrated electronic apparatus

and devices, computers, telecommunications, entertainment, telephony, and wired and wireless telecommunications; structural parts and fittings for all the aforesaid goods; instructional manuals sold as a unit with the aforementioned goods and electronic instructional manuals downloadable from a global computer network; scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software; fire-extinguishing apparatus.

Class 41: Training services in the fields of networks, network system design, network operation, network maintenance, network testing, network protocols, network management, network engineering, computers, software, microprocessors and information technology; entertainment services, namely, organizing exhibitions for computer gaming, providing on-line computer games, and organizing community sporting and cultural events; providing on-line publications in the nature of magazines, newsletters, journals, books and brochures in the areas of photography, imaging and related goods and services; education services, namely, providing seminars, courses and tutorial sessions in the field of digital imaging via global computer networks; providing a database of digital images on-line for use by consumers; providing an on-line library of digital images which may be shared by users; photographic and image library services; computerized on-line education services, namely, providing classes, seminars, tutorial sessions, conferences and workshops in the field of computers, computer hardware, microprocessors, software and computer networks; computerized on-line training services in the field of computers, computer hardware, microprocessors, software and computer networks; educational services, namely, providing interactive tutorial sessions and courses in the nature of how-to guides, tips and techniques, expert guidance and advice, all relating to the purchase, use, care, maintenance, support, upgrading, updating and configuring of computer hardware, computer software, computer networks, teleconferencing and communications goods and services; educational services, namely, conducting classes, seminars, conferences and online educational forums in the field of computer and software use, navigation over global computer networks, computer science and technology, computer management, and distributing course materials in connection therewith; developing and disseminating educational materials designed to increase technology literacy among students; training services for network hardware and software; training services in the field of online business solutions; education; providing of training; entertainment; sporting and cultural activities.

Class 42: Computer network management services, namely, monitoring of network systems for technical purposes; hosting of digital content on the internet; computer network monitoring services, namely, providing information on the operation of computer networks; customization of web software, and computer user interface design for others; consulting services in the field of computers and wireless computing; providing temporary use of non-downloadable software for enhancing and providing real-time transfer, transmission, reception, processing and digitizing of audio and video graphics information; providing temporary use of non-downloadable software for processing, storage, retrieval, transmission, display, input, output, compressing, decompressing, modifying, broadcasting and printout of data; providing temporary use of non-downloadable software for ensuring the security of computer networks, for access control and security, and for use in protecting computer networks from data theft or damage by unauthorized users; providing temporary use of non-downloadable software for the development, maintenance, and use of local and wide area computer networks; providing temporary use of non-downloadable software for the receipt, display, and use of broadcast video, audio, and digital data signals; providing temporary use of non-downloadable software for creating, facilitating, and managing remote access to and communication with local area networks (lans), virtual private networks (vpn), wide area networks (wans) and global computer networks; providing temporary use of non-downloadable software for use in providing multiple user access to a global computer information network for searching, retrieving, transferring, manipulating and disseminating a wide range of information; providing temporary use of non-downloadable software tools for the facilitation of third party software applications; providing temporary use of non-downloadable software for wireless network communications; custom computer software and hardware development, design, and consulting services; designing and developing standards for others in the design and implementation of computer software, computer hardware and telecommunications equipment; providing customers and technicians with information relating to computer project management; scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software.

The applicant claims convention priority based on application number SM-M-201300013 filed in San Marino on the 1st of February 2013.

Any person may within two (2) months from the date of the first publication of this advertisement in the Intellectual Property Journal, file a notice of opposition in Form 3 at the Companies and Intellectual Property Office, of the opposition to the registration of the said trademark.

INTEL CORPORATION of 2200 MISSION COLLEGE BOULEVARD, SANTA CLARA, CALIFORNIA, 95052-8119, U.S.A. has applied through their agent, ALICK LAWRENCE ESQ. of NANCY WHITICKER HOUSE, 7 OLD STREET, ROSEAU to the Companies and Intellectual Property Office for the registration of one trade mark consisting of the following word, based on an application received on the 26th day of April, 2013.

LOOK INSIDE

in Classes 9, 41 & 42, that is to say:

Class 9: Computers; handheld computers; minicomputers; computer hardware; integrated circuits; integrated circuit memories; integrated circuit chips; computer chip sets; semiconductor processors; semiconductor processor chips; semiconductor chips; microprocessors; printed circuit boards; printed circuits, namely integrated circuit boards, printed circuit boards and electrical circuit boards; electronic circuit boards; computer motherboards; computer memories; operating systems; microcontrollers; data processors; central processing units; semiconductor memory devices, namely, semiconductor memories and semiconductor memory units; software programmable processors; digital and optical microprocessors; computer peripherals; video circuit boards; audio circuit boards; audio-video circuit boards; video graphic accelerators; multimedia accelerators; video processors; video processor boards; data memories; electronic security apparatus and surveillance apparatus, namely, computer hardware, computer chips and microprocessors optimized for electronic security surveillance; algorithm software programs for the operation and control of computers; computer operating system software; computer operating systems; computer system extensions, tools and utilities in the field of application software for connecting personal computers, networks, telecommunications apparatus and global computer network applications; computerized telecommunications and networking equipment consisting of operating system software; computer hardware and software for enhancing and providing real-time transfer, transmission, reception, processing and digitizing of audio and video graphics information; computer firmware, namely, computer operating system software, computer utility software and other computer software used to maintain and operate computer systems; computer installations; memory boards; personal digital assistants; portable and handheld electronic personal organizers; storage devices, namely, jump drives, flash drives and thumb drives; security systems for computer hardware and software, namely, firewalls, network access server hardware for creating and maintaining firewalls, virtual private network (vpn) computer hardware and computer server operating software for creating and maintaining firewalls; software for ensuring the security of computer networks; software for access control and security; computer hardware and software for use in protecting computer networks from data theft or damage by

unauthorized users; components for computers; computer voice accelerator boards; computer voice, data, image and video accelerator boards; flash memory boards and flash memory cards; telecommunications equipment and computer networks, namely processing and operating systems; telecommunications apparatus and instruments, namely, computer routers, hubs, servers and switches; computer hardware and software for the development, maintenance, and use of local and wide area computer networks; set-top boxes; electronic control devices for the interface and control of computers and global computer and telecommunications networks with television and cable broadcasts and equipment; apparatus for testing and programming integrated circuits; computer peripheral memory apparatus and devices; fixed function computer servers; computer networking hardware; computer hardware and software for creating, facilitating, and managing remote access to and communication with local area networks (lans), virtual private networks (vpn), wide area networks (wans) and global computer networks; router, switch, hub and server operating software; computer software and hardware for use in providing multiple user access to a global computer information network for searching, retrieving, transferring, manipulating and disseminating a wide range of information; computer software tools for the facilitation of third party software applications; computer hardware and software for wireless network communications; downloadable electronic publications in the nature of newsletters, books, magazines, journals, brochures and white papers in the area of electronics, semiconductors, integrated electronic apparatus and devices, computers, telecommunications, entertainment, telephony, and wired and wireless telecommunications; structural parts and fittings for all the aforesaid goods; instructional manuals sold as a unit with the aforementioned goods and electronic instructional manuals downloadable from a global computer network; scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software; fire-extinguishing apparatus.

Class 41: Training services in the fields of networks, network system design, network operation, network maintenance, network testing, network protocols, network management, network engineering, computers, software, microprocessors and information technology; entertainment services, namely, organizing exhibitions for computer gaming, providing on-line computer games, and organizing community sporting and cultural events; providing on-line publications in the nature of magazines, newsletters, journals, books and brochures in the areas of photography, imaging and related goods and services; education services, namely, providing

seminars, courses and tutorial sessions in the field of digital imaging via global computer networks; providing a database of digital images on-line for use by consumers; providing an on-line library of digital images which may be shared by users; photographic and image library services; computerized on-line education services, namely, providing classes, seminars, tutorial sessions, conferences and workshops in the field of computers, computer hardware, microprocessors, software and computer networks; computerized on-line training services in the field of computers, computer hardware, microprocessors, software and computer networks; educational services, namely, providing interactive tutorial sessions and courses in the nature of how-to guides, tips and techniques, expert guidance and advice, all relating to the purchase, use, care, maintenance, support, upgrading, updating and configuring of computer hardware, computer software, computer networks, teleconferencing and communications goods and services; educational services, namely, conducting classes, seminars, conferences and online educational forums in the field of computer and software use, navigation over global computer networks, computer science and technology, computer management, and distributing course materials in connection therewith; developing and disseminating educational materials designed to increase technology literacy among students; training services for network hardware and software; training services in the field of online business solutions; education; providing of training; entertainment; sporting and cultural activities.

Class 42: Computer network management services, namely, monitoring of network systems for technical purposes; hosting of digital content on the internet; computer network monitoring services, namely, providing information on the operation of computer networks; customization of web software, and computer user interface design for others; consulting services in the field of computers and wireless computing; providing temporary use of non-downloadable software for enhancing and providing real-time transfer, transmission, reception, processing and digitizing of audio and video graphics information; providing temporary use of non-downloadable software for processing, storage, retrieval, transmission, display, input, output, compressing, decompressing, modifying, broadcasting and printout of data; providing temporary use of non-downloadable software for ensuring the security of computer networks, for access control and security, and for use in protecting computer networks from data theft or damage by unauthorized users; providing temporary use of non-downloadable software for the development, maintenance, and use of local and wide area computer networks; providing temporary use of non-downloadable software for the receipt, display, and use of broadcast video, audio, and digital data signals; providing temporary use of non-downloadable software for creating, facilitating, and managing remote access to and communication with local area networks (lans), virtual private networks (vpn), wide area networks (wans) and global computer networks; providing temporary use of

non-downloadable software for use in providing multiple user access to a global computer information network for searching, retrieving, transferring, manipulating and disseminating a wide range of information; providing temporary use of non-downloadable software tools for the facilitation of third party software applications; providing temporary use of non-downloadable software for wireless network communications; custom computer software and hardware development, design, and consulting services; designing and developing standards for others in the design and implementation of computer software, computer hardware and telecommunications equipment; providing customers and technicians with information relating to computer project management; scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software.

The applicant claims convention priority based on application number SM-M-201300011 filed in San Marino on the 31st of January 2013.

Any person may within two (2) months from the date of the first publication of this advertisement in the Intellectual Property Journal, file a notice of opposition in Form 3 at the Companies and Intellectual Property Office, of the opposition to the registration of the said trademark.

THE BANK OF NOVA SCOTIA of 44 KING STREET WEST, TORONTO, ONTARIO, M5H 1H1, CANADA has applied through their agent, DUNCAN G. STOWE of 58 RIVER BANK, ROSEAU to the Companies and Intellectual Property Office for the registration of one trade mark consisting of the following device, based on an application received on the 10th day of May, 2013.

in Classes 14, 35, 36 & 39 that is to say:
