Class 9: Computer software for streaming, broadcasting, transmitting, distributing, reproducing, organizing and sharing music, audio, video, games and other data; computer software for use in authoring, downloading, transmitting, receiving, editing, extracting, encoding, decoding, playing, viewing, storing and organizing text, data, images, and audio and video files; computer software to enable users to view or listen to audio, video, text and multimedia content; computer software for creating and providing user access to searchable databases of information and data; search engine software; computer software for wireless content delivery; computer software for accessing online information; computer software for online shopping; computer software for facilitating payments and online transactions; computer software that provides retail and ordering services for a wide variety of consumer goods; computer software for use in disseminating advertising for others; computer software for disseminating information regarding consumer product discounts; computer software for use in sharing information about products, services, and deals; computer software for use in barcode scanning and price comparison; computer software for scheduling shipping and deliveries; computer software for electronic storage of data; computer software for storing, organizing, editing and sharing photos; computer software for image and speech recognition; computer software for home automation; computer software for purchasing, accessing and viewing movies, TV shows, videos, music, and multimedia content; game software; internet browser software; downloadable music files; downloadable movies, TV shows, and videos; downloadable digital media; downloadable digital audio files featuring music, news, and voice and spoken word recordings on a variety of topics; downloadable books, e-books and audiobooks; magnetically encoded gift cards.

Class 16: Paper gift cards, printed gift certificates, non-magnetically encoded prepaid purchase cards; printed publications; paper.

Class 35: Customer loyalty program services featuring rewards in the form of discounted shipping services, early access to retail discounts and offers, access to books and other publications, access to audiobooks, discounted online storage of photos and music, and discounted music, video and game streaming; retail services, namely, administration of a program enabling participants to obtain discounts on shipping services, early access to retail discounts and offers, access to books and other publications, access to audiobooks, discounted online storage of photos and music, and discounted music, video and game streaming; retail store services and online retail store services; retail store and online retail store services featuring a wide array of consumer goods; online retail store services featuring audio and video recordings, spoken word recordings, electronic books and

computer games; online retail store services in the field of groceries, fresh and prepared foods, drug store and general merchandise; retail grocery stores; wholesale distributorship featuring fresh foods and groceries; subscription-based services featuring books, audiobooks, music, movies, TV shows, videos and games; advertising; administration of a discount program enabling participants to obtain discounts on shipping services.

Class 38: Video-on-demand transmission; Internet protocol television (IPTV) transmission services; streaming of audio and video material on the Internet; streaming of data; streaming of music, movies, TV shows and games; broadcasting services; audio and video broadcasting services; subscription-based audio and video broadcasting via a global computer network; Internet broadcasting services; Internet radio broadcasting services; electronic data transmission; electronic transmission and streaming of digital media content for others via global and local computer networks; transmission of webcasts; transmission of digital files; electronic transmission of digital photo files; providing access to digital music web sites on the Internet; providing access to online directories, databases, websites, blogs and reference materials; transmission of news; delivery of messages by electronic transmission; electronic mail and messaging services; podcasting services; providing access to online chat lines; providing internet chatrooms, forums and electronic bulletin boards.

Class 39: Transport services; providing a website featuring information in the field of transportation; shipping, delivery, distribution and storage of goods; freight transportation by means of truck, train and air; goods warehousing; packaging of articles for transport; merchandise packaging for others; rental of storage containers; mailbox rental; locating and arranging for reservations for storage space for others; courier services; messenger services; expedited shipping services; providing online services which afford customers the ability to select a distribution point for goods purchased on the Internet; membership-based shipping programs namely, providing discounted shipping services for members; travel arrangement for others; travel booking agencies; providing a web site featuring travel information and commentary.

Class 41: Entertainment services; publication of printed matter; book, audiobook, newspaper, magazine and web magazine publishing; publishing of electronic publications; providing non-downloadable electronic publications; lending and rental of books, audiobooks and other publications; digital imaging services; providing non-downloadable videos, films, movies and television shows via a video-on-demand service; film and video rental services; film, movie, TV show and video production and distribution; creating and developing concepts for movies and television programs; audio and video recording services; providing online radio programming; digital audio, video and multimedia publishing services; providing non-downloadable prerecorded music and audio; providing online information and commentary in the field

of music and audio; presenting live musical concerts and performances; music production services; music publishing services; providing online video games; providing online non-downloadable game software; publishing of game software; production of video and computer game software; rental of video games; entertainment services, namely, live performances by video game players; entertainment services, namely, providing online videos featuring games being played by others; entertainment services, namely, providing virtual environments in which users can interact for recreational, leisure or entertainment purposes; entertainment services, namely, providing on-line virtual goods for use in virtual environments created for entertainment purposes; providing an online website portal for consumers to play on-line computer games and electronic games and share game enhancements and game strategies; arranging and conducting competitions and tournaments for video game players; organizing video gaming leagues; publishing of reviews; providing a web site featuring the ratings, reviews and recommendations of users in the fields of entertainment and education; providing a website featuring ratings and reviews of television, movies, videos, music, screenplays, scripts, books and video game content; entertainment information; providing online news, information and commentary in the field of entertainment; online publication of blogs featuring information about entertainment; entertainment services, namely, profiling of musicians, artists and bands; providing a subscription based website featuring non-downloadable music, radio, movies, TV shows, videos and information about music, albums, artists and songs; arranging of contests and sweepstakes; sweepstake services provided over a global computer network hosting online sweepstakes and contests for others.

Class 42: Leasing and rental of computers and computer software; computer time-sharing services; computer collocation services, namely, providing facilities for the location of computer servers with the equipment of others; rental of computing and data storage facilities of variable capacity to third parties; computer diagnostic services; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; application service provider (ASP), namely, hosting computer software applications or others; providing temporary use of non-downloadable computer software for streaming, broadcasting, transmitting, distributing, reproducing, organizing and sharing music, audio, video, games and other data; providing temporary use of non-downloadable computer software for use in authoring, downloading, transmitting, receiving, editing, extracting, encoding, decoding, playing, viewing, storing and organizing text, data, images, and audio and video files; providing temporary use of non-downloadable computer software to enable users to view or listen to audio, video, text and multimedia content; providing temporary use of non-downloadable computer software for creating and providing user access to searchable databases of information and data; providing temporary use of non-downloadable search engine software; providing temporary

use of non-downloadable computer software for wireless content delivery; providing temporary use of non-downloadable computer software for accessing online information; providing temporary use of non-downloadable computer software for online shopping; providing temporary use of non-downloadable computer software for facilitating payments and online transactions; providing temporary use of non-downloadable computer software that provides retail and ordering services for a wide variety of consumer goods; providing temporary use of non-downloadable computer software for use in disseminating advertising for others; providing temporary use of non-downloadable computer software for disseminating information regarding consumer product discounts; providing temporary use of non-downloadable computer software for use in sharing information about products, services, and deals; providing temporary use of non-downloadable computer software for use in barcode scanning and price comparison; providing temporary use of non-downloadable computer software for scheduling shipping and deliveries; providing temporary use of non-downloadable computer software for electronic storage of data; providing temporary use of non-downloadable computer software for storing, organizing, editing and sharing photos; providing temporary use of non-downloadable computer software for image and speech recognition; providing temporary use of non-downloadable computer software for home automation; providing temporary use of non-downloadable computer software for purchasing, accessing and viewing movies, TV shows, videos, music, and multimedia content; electronic data storage; data backup and recovery services; file sharing services, namely, providing a website featuring technology enabling users to upload and download electronic files; hosting of digital content on the Internet; hosting, building and maintaining web sites; computer services, namely, cloud hosting provider services; providing search engines for the internet; computer services, namely, creating computer network-based indexes of information, websites and resources; computer services, namely, hosting on-line web facilities for others for organizing and conducting online meetings, gatherings, and interactive discussions; computer services, namely, uploading music and photos to the Internet for others; computer services, namely, creating an on-line community for registered users to participate in discussions, get feedback from their peers, form virtual communities, and engage in social networking services; computer services, namely, creating an on-line community for connecting video players, teams and leagues and organizing game and sports activities; providing a website featuring technology that creates personalized movie, TV show, video and music channels for listening, viewing, and sharing.

ABBOTT LABORATORIES of 100 ABBOTT PARK, ILLINOIS, USA, 60064 has applied through their agent ALICK C. LAWRENCE, NANCY WHITICKER HOUSE, 7 OLD STREET, ROSEAU, COMMONWEALTH OF DOMINICA to the Companies and Intellectual Property Office for the registration of one Trade Mark consisting of the following device based on an application received on the 31st March 2015

Classes 1, 5, 9, 10, 29, 32, 41, 44, and 45 that is to say:

Class 1: Control preparations and calibrating fluids for medical diagnostic instruments; control preparations and calibrating fluids for laboratory instruments used for in vitro diagnostic testing and/or analysis; reagents for laboratory use; DNA primers; DNA probes; substances used to extract nucleic acid from biological specimens; polymerase and buffers for use in the biotechnology field; chemicals for use in the analysis and identification of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; compounds and reagents for use in the analysis and identification of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; diagnostic kits comprising reagents and assays for analysis and identification of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; diagnostic preparations for analysis and identification of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; DNA extraction controls; RNA extraction controls; negative controls; calibrating solutions; sodium chlorite used as a preservative with antimicrobial properties in ophthalmic preparations.

Class 5: Pharmaceutical preparations; medical reagents for diabetes monitoring; medical test strips for use in monitoring blood glucose levels; medical test strips for use in monitoring blood ketone levels; medical diagnostic reagents; diagnostic preparations for medical purposes; diagnostic test kits; saline solutions including sterile saline solutions for use as irrigants in ophthalmic surgery; ophthalmic preparations and formulations, including lubricating and rewetting solutions; contact lens care preparations, including solutions for disinfecting, cleaning, wetting, neutralizing, cushioning, soaking, storing and rinsing contact lenses, including in solution or tablet form; lubricant eye drops for contact lenses; ophthalmic eye care treatments and preparations including eye drops; medicated wipes; sanitised wipes; disinfecting solutions; eye wash and eye care solutions, treatments and preparations; artificial tears; medicated drops; hyaluronic acid solution for intraocular use; reagents for medical purposes, including for use in portable blood analyzers; nutritional supplements; dietetic food substances adapted for medical use; nutritional supplements for oral or gavage feeding;

nutritional supplements to be used as a meal replacement; liquid or powder nutritive supplements for human use; nutritionally fortified beverages and powders for meal replacement; nutritional energy bars for use as a meal replacement and supplement bars for use as a meal replacement; pediatric nutritive preparations; nutritional supplements for children; infant formula; food for babies; prenatal vitamins; lactation vitamins; electrolyte replacement solutions; dietary supplements for humans; insect repellents; compounds and reagents for medical analysis and identification of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; medical diagnostic kits comprising reagents and assays for analysis and identification of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; medical diagnostic preparations for analysis and identification of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; chemical reagents for medical diagnosis and/or analysis; cartridges containing reagents for use in portable blood analyzers.

Class 9: Computer software including applications used in the management of diabetes; laboratory analyzers for measuring, testing and analyzing blood, bodily fluids and/or tissue; hematology analyzers; clinical chemistry analyzers; immunoassay analyzers; automated clinical molecular laboratory instruments; laboratory sample extraction instruments; molecular diagnostic systems comprised of sequencers, spectrometers, sensors and computers, for analysis of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; laboratory instruments for microbial screening and identification; computer software and hardware for identification and analysis of nucleic acid sequences, nucleic acids for pathogen identity, drug resistance characteristics and forensic profiles; laboratory apparatus, namely, molecular diagnostic sensors for analysis of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; computer software for front-end processing, instrument control, data analysis and reporting for molecular diagnostic instruments; computer hardware and software including for laboratory and scientific apparatus and instruments; computer hardware and software in the field of medical diagnostics including for medical diagnostic apparatus and instruments; electronic publications, including instruction sheets and manuals for in vitro diagnostic instruments, laboratory automation systems, and related software; data management software for medical diagnostic instruments; data management software for hematology analyzers, clinical chemistry analyzers, immunoassay analyzers and blood screening instruments; computer software and hardware for medical diagnostic instruments; computer software and hardware for hematology analyzers, clinical chemistry analyzers, immunoassay analyzers and blood screening instruments; computer software and hardware for managing interface between medical diagnostic laboratory instruments; computer software and hardware for managing medical diagnostic laboratory workflow; laboratory information management software and hardware; computer software and hardware for supporting and/or monitoring medical and/or

laboratory diagnostic instruments; computer software and hardware for troubleshooting regarding medical and/or laboratory diagnostic instruments; computer software for processing diagnostic medical testing data; computer software and hardware for use in medical diagnostic testing; hardware and software for remote monitoring of in vitro diagnostic instruments; columns pre-packed with resin for use in separation and purification of DNA and RNA samples; computer software program for use during ophthalmic surgery; software program for calculating the refractive power of phakic intraocular lenses; computer software for controlling medical devices and ophthalmological surgical machines for use during eye surgery; eyeglasses for vision correction and/or enhancement and contact lenses; magnetically encoded patient smart data cards for use with ophthalmological laser surgery systems; computer software and hardware supporting blood testing instruments; data management software and hardware in the field of blood testing; data management software and hardware for medical diagnostic instruments; data management software and hardware in the field for managing data communications between data management software and hardware for blood analyzers; computer software and hardware for remote monitoring of blood testing instruments and/or medical diagnostic instruments; data processing equipment and apparatus; computer application software for electronic devices; scientific apparatus and instruments and parts and fittings therefor; laboratory apparatus and instruments and parts and fittings therefor; spectrometers; sensors; biosensors; thermocyclers; desalters; sample preparation instruments; test and collection kits consisting of collection apparatus and laboratory devices; laboratory containers; bio-identification apparatus that enables identification, genotyping and characterization for analysis of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; DNA preparation bead beating tubes; RNA preparation bead beating tubes; DNA preparation process tubes; RNA preparation process tubes; DNA preparation elution tubes; RNA preparation elution tubes; enzyme mixing vials; enzyme mixing tubes; laboratory instruments for in vitro diagnostic testing and/or analysis; data management and laboratory automation systems for use in the field of medical diagnostics; molecular diagnostic instruments; remote controls for operating or controlling surgical or medical apparatus and instruments; surgical handpiece for use during phacoemulsification surgery and vitrectomy and software for the aforementioned goods; instruments for sample preparation, de-salting and thermocycling; software programs, in particular to enable data interfacing, specifically for use in research and diagnostic laboratories; parts and fittings for all the aforesaid goods.

Class 10: Medical devices; medical apparatus and instruments for diabetes monitoring; blood glucose monitors; blood glucose sensors; blood ketone monitors; blood ketone sensors; apparatus for drawing or sampling blood for purposes of diabetes monitoring; blood screening instruments; medical diagnostic instruments for in vitro diagnostic testing and/or analysis; immunoassay analyzers; laboratory

equipment for use in the field of medical diagnostics; medical devices for ophthalmic use, namely, laser systems comprised of scanning, imaging, guiding devices and lasers, and structural parts thereof; ophthalmic surgical machines for use during cataract surgery and vitrectomy; cases specially adapted for carrying, holding and storing surgical and medical ophthalmic apparatus and instruments; knives, blades, needles, aspiration and irrigation tips and tubing; fluidic packs, handpieces, medical eye pads, shields and trays and drainage bags; ocular implants used in the prevention and treatment of intraocular hypertension and glaucoma; capsular tension rings; ocular implants; Intraocular lenses; surgical hand tools, machines, apparatus and instruments; medical machines, apparatus and instruments, including, an intraocular lens implantation and delivery system; medical lasers; ophthalmological surgery systems comprised of a laser source and optics to deliver laser energy to the eye; ophthalmic diagnostic equipment; aberrometers for use during ophthalmic surgery; medical devices and surgical systems; a sensing device for refractive diagnostic and topographical measurement that may be associated with laser ablation surgery; surgical, medical, dental and veterinary apparatus and instruments; ophthalmological and/or optometric apparatus for diagnostics and/or treatment; apparatus for vision correction and/or enhancement; intraocular devices for vision correction and/or enhancement; stents; catheters; guide wires; bioabsorbable stents; drug-eluting stents; scaffolding for catheters and stents; blood analyzing instruments and systems for medical diagnostic purposes; medical instruments and apparatus for diagnostic purposes sequencers; spectrometers for medical use; biosensors; thermocyclers; sample preparation instruments for medical diagnostic use; medical diagnostic device and system, including a hand-held meter, lancets, test strips and control solution for veterinary use; blood screening instruments; parts and fittings for all the aforesaid goods.

Class 29: Milk and milk-based products; powdered milk preparations; milk derivatives; preparations containing milk derivatives; Ready to eat food bars with a soy or whey protein base; ready to drink dairy based protein food beverages.

Class 32: Powdered whey based protein food beverages; powdered soy based protein food beverages not being milk substitute.

Class 41: Education and training; workshops and seminars and instructional materials distributed therewith, including in the field of nutrition and in the use, operation and practice development of ophthalmologic surgery systems and devices used therewith; arranging and conducting of colloquiums, conferences, congresses and symposiums; sporting and cultural activities.

Class 44: Medical services, including medical services for the diagnosis of conditions of the human body; providing information in the field of medical diagnostics; treatment of eye diseases and conditions; ophthalmic surgery; lasik and other surgical procedures to correct and improve vision; providing an internet website for medical professionals and

medical patients featuring information on ophthalmic medical devices; diagnosis and treatments.

Class 45: Promoting global citizenship and corporate social responsibility programs that promote innovation, science, access to health care, community involvement, safeguarding the environment, wellness and health.

ASTIL, S.A. OF CALLE CINCUENTA (50) NICANOR OBARRIO, CORREGIMIENTO DE SAN FRANCISCO EDIFICIO LOS LEONES PLANTA BAJA, CIUDAD DE PANAMÁ, PANAMA has applied through their agent Alick C. Lawrence, Nancy Whitticker House, 7 Old Street, Roseau, Commonwealth of Dominica to the Companies and Intellectual Property Office for the registration of one Trade Mark consisting of the following word and device based on an application received on the 18th April 2016

Classes 9, 11, 17 & 35 that is to say:

Class 9: Thermostats; portable media players; television monitors; measuring and control devices for air conditioning technology, water heater controls; "motherboards"; electric current interrupters; electric resistors; overvoltage-protection switches; infrared thermometers, not for medical purposes; electrical terminal blocks; electrical switches; electrical relay plates; electrical components in the nature of relay protection, electrical relays and transformers, capacitors, power switches, switches, valves solenoid [electromagnetic switches], temperature switches, electrical coils, coils for use in electrical appliances, covers and parts of the housing for electrical equipment, namely, housing appliances; Bodies for plates of printed circuit board, covers, and parts of the housing of the electrical equipment, namely, housing appliances for electrical switching devices, expansion valves for the control of fluids, breakers and automatic door closers, electrical sensors, transformers, control circuit remote switch operators.

Class 11: Evaporators for air conditioning equipment; drying apparatus for use in heating, ventilation systems, air systems, air conditioning and refrigeration systems; radiators [for industrial air conditioning purposes]; gas fired heaters of water; hybrid water heater; water heaters; electric cooktops; exhaust fans; direct vents for gas appliances; laundry centers,

namely a clothes dryer combined with a washing machine clothes; electric indoor grills; water filters; spark igniters for gas appliances; refrigerators and commercial freezers and parts and fittings therefor; electric and gas refrigerators [for household use]; refrigerator condensers; walk-in coolers; thermostatic valves [parts of heating installations], combination microwave and convection oven units, coils as parts of distilling microwave ovens; water and purification filtration units and spare cartridges and filters for refrigerators; electrical rice cooker; hair dryer; cooling fan systems for wall ovens; electric fans with evaporative cooling devices; electric fans; electric grills; gas stoves; glass plates sold as parts of stoves; portable stoves; freezers; ventilating hoods for ranges; gas burning stoves; components for air conditioning and cooling caps, evaporative air coolers; air coolers; air filters for industrial installations; water coolers; air conditioner for use in walk-in coolers; components for air conditioning and refrigeration namely, coils; air conditioning equipment; fans for air conditioning; air filters for air conditioning; air-conditioning, air cooling and ventilation apparatus and instruments; and electric coffee makers.

Class 17: Pipe insulation materials; adhesive tape, other than for stationery and not for medical or household purposes; pipe seals; pipe sealant tape for joints; composite pipe joint tape for use in pipes and air conditioning, refrigeration, heating, ventilation and equipment; insulating blankets for hot water heaters; insulation sleeves for water heaters; hoses of plastic and rubber for plumbing use; hoses of plastic and rubber for use with air conditioners.

Class 35: Services relating to an on-line retailer and wholesale store featuring refrigerant for use in industrial refrigeration systems, gas refrigerant for use in systems of air conditioning, adhesive substances for use in industry, industrial adhesives for use in coating and sealing, spray aerosol to clean the condenser coils of air for air conditioning filters heating and air units filtration, lubricants; lubricants for industrial machinery aluminum tape to attach panels for use in wall applications, attic, ceilings and floors in the sector of construction, copper pipes, tubes of copper alloys, metal duct of air conditioning systems, metal building materials *i.e.*, exhaust ventilation external aerators of furnaces, heaters, stoves and boilers, metal castings for turbines, valves of metal not being parts of machines, metal handles, metal cylinders for gases or liquids, compressed, sold empty, links of joints and metal pipes, a heavy-duty metal hoses, metal pipe coupling metal hose, accessories, clamps of metal, copper wire with insulation, pipe joints and metal links, cover ventilation of metal duct HVAC, electrical food cookers, electric fans, mixers fans and blowers for motors, fan belts for motors, machine parts, namely nozzles which are parts of electric drive, capacitors sprayers centrifugal fan, valves of metal used in cleaning machines for combustion and gas turbine engines, pressure switches as parts of machines, vacuum cleaners, parts of machines, namely, links drive fluid, organs of coupling, such as parts of machines, appliances and washing facilities high-pressure pumps, compressors for refrigerators, parts for compressed air tools, *i.e.*, brakes, filters,

hoses, pipes, links, switches, valves, compressors, clamping tools and nozzles, engines and pumps for refrigerators and freezers, refrigeration compressors, of high pressure multi-purpose, washers for cleaning dryer, bodies of mesh, as parts of machines, compressors as parts of machines and motors, incorporating DC motors Regulators being parts of machines; valves stators are being parts of machinery; Springs being parts of machines, filters for motors and fans for motors, machine parts, *i.e.* units of gears, parts for compressed air tools, *i.e.*, brakes, filters, hoses, pipes, links, switches, valves, compressors, clamping tools and nozzles, electric tools, fan belts for motors, pumps and compressors as parts of machines and engines, Inbound for motors, bearings, as parts of machines, pulleys being parts of machines, bushings for use as parts of machines, membrane filters as parts of machines, compressors as parts of machines and engines, distribution valves [parts of machines], machine parts, namely, cylinders, machine parts *i.e.* hoods, machine parts, namely, roller bearings, machine parts, namely nozzles which are parts of sprayers of electric drive, fan belts for engines, spark plugs, ignition wires spark plugs, electric welding equipment, soil washing hand tools, namely, electric irons, pliers, files, thermostats, tape aluminium Ventur tape, portable media players, The television monitors, units of measurement and control technology of air conditioning, heater controls of water, "Motherboards", switches of electric current, electric resistances, guards against overvoltage, Infrared thermometers, not for medical purposes, electrical terminals, electrical switch boxes blocks, plates of electric switches, electric relays, electrical components in the nature of relays protection, electrical relays and transformers, capacitors, power switches, switch boxes, valves solenoid [electromagnetic switches] temperature switches, electrical coils, coils for use in electrical appliances; Covers, and parts of the housing of the electrical equipment, namely, housing appliances from switching, boxes of electrical connectors, bodies for the plates of printed circuit board, covers, and parts of the housing of the electrical equipment, namely, housing appliances; expansion valves for the control of fluids, breakers and automatic door closers, Electrical sensors, transformers, control of remote circuit breaker switch operators, evaporators for air conditioning, drying apparatus for use in heating, ventilation systems, systems of air conditioning and refrigeration systems, radiators [for industrial air conditioning purposes], Gas fired heaters, hybrid water heater, water heaters, electric cooktops, fans extractors, direct to the gas appliances, laundry centers, vents, a clothes dryer combined with a washing machine, electric indoor grills, water filters spark igniters for gas appliances, devices of refrigeration and facilities, refrigerators and commercial freezers and parts and pipe fittings, Electric refrigerators [for household use], gas cooler, refrigerator condensers, coolers, hoses [parts of bathroom planning], hoses [parts of sink plumbing], thermostatic valves [parts of heating installations], combination microwave and oven convection, coils and parts of distillation, heating or refrigeration facilities, microwave ovens], Filtration of water and purification units and spare cartridges and filters for refrigerators, electric rice cooker, electric hairdryer, cooling systems of fans for wall ovens, electric fans with

fan accessories evaporative cooling devices, namely, grills, gas stoves, glass plates [parts of stoves], Portable heaters, refrigerated Chambers, Ventilation hoods for ranges, tops for stove burners, components for air conditioning and refrigeration, namely, coolers of air, evaporative air coolers, air filters for industrial installations, water chillers, air conditioning for use in walk-in coolers, components for air conditioning and refrigeration; Fans for air conditioning, air filters for equipment of air conditioning unit, air conditioning, cooling air and apparatus and instruments for ventilation, electric coffee makers, pipe insulation materials; Pipe seals, Pipe sealant tape for joints, Pipe joint tape for use in pipes and air conditioning, refrigeration, heating, ventilation and equipment, insulating blankets for hot water heaters, insulation sleeves for water heaters, hoses of plastic for air conditioners; hoses of rubber for air conditioners; hoses for air, tape, non-metallic ventilation covers for HVAC ducts, couplings and joints of non-metallic pipes, conduits, not of metal, for ventilation and air conditioning installations, rigid polypropylene tubes for the supply of drinking water and heating and air conditioning in houses, office buildings and warehouses; Non-metallic drain pipes, plastic bottles, Kit of o-ring which consists of plastic rings of different sizes, blenders; Nonmetal door handles.

Any person may within two (2) months from the date of the first publication of this advertisement in the Intellectual Property Journal, file a notice of opposition in Form 3 at the Companies and Intellectual Property Office, of the opposition to the registration of the said trademark.

ABBOTT LABORATORIES of 100 ABBOTT PARK, ILLINOIS, USA, 60064 has applied through their agent ALICK C. ABBOTT

Classes 1, 5, 9, 10, 29, 32, 41, 44, and 45 that is to say:

Class 1: Control preparations and calibrating fluids for medical diagnostic instruments; control preparations and calibrating fluids for laboratory instruments used for in vitro diagnostic testing and/or analysis; reagents for laboratory use; DNA primers; DNA probes; substances used to extract nucleic acid from biological specimens; polymerase and buffers for use in the biotechnology field; chemicals for use in the analysis and identification of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; compounds and reagents for use in the analysis and identification of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; diagnostic kits comprising reagents and assays for analysis and identification of nucleic acid sequences, nucleic acids, genetic materials, infectious

agents and/or pathogens; diagnostic preparations for analysis and identification of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; DNA extraction controls; RNA extraction controls; negative controls; calibrating solutions; sodium chlorite used as a preservative with antimicrobial properties in ophthalmic preparations.

Class 5: Pharmaceutical preparations; medical reagents for diabetes monitoring; medical test strips for use in monitoring blood glucose levels; medical test strips for use in monitoring blood ketone levels; medical diagnostic reagents; diagnostic preparations for medical purposes; diagnostic test kits; saline solutions including sterile saline solutions for use as irrigants in ophthalmic surgery; ophthalmic preparations and formulations, including lubricating and rewetting solutions; contact lens care preparations, including solutions for disinfecting, cleaning, wetting, neutralizing, cushioning, soaking, storing and rinsing contact lenses, including in solution or tablet form; lubricant eye drops for contact lenses; ophthalmic eye care treatments and preparations including eye drops; medicated wipes; sanitised wipes; disinfecting solutions; eye wash and eye care solutions, treatments and preparations; artificial tears; medicated drops; hyaluronic acid solution for intraocular use; reagents for medical purposes, including for use in portable blood analyzers; nutritional supplements; dietetic food substances adapted for medical use; nutritional supplements for oral or gavage feeding; nutritional supplements to be used as a meal replacement; liquid or powder nutritive supplements for human use; nutritionally fortified beverages and powders for meal replacement; nutritional energy bars for use as a meal replacement and supplement bars for use as a meal replacement; pediatric nutritive preparations; nutritional supplements for children; infant formula; food for babies; prenatal vitamins; lactation vitamins; electrolyte replacement solutions; dietary supplements for humans; insect repellents; compounds and reagents for medical analysis and identification of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; medical diagnostic kits comprising reagents and assays for analysis and identification of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; medical diagnostic preparations for analysis and identification of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; chemical reagents for medical diagnosis and/or analysis; cartridges containing reagents for use in portable blood analyzers.

Class 9: Computer software including applications used in the management of diabetes; laboratory analyzers for measuring, testing and analyzing blood, bodily fluids and/or tissue; hematology analyzers; clinical chemistry analyzers; immunoassay analyzers; automated clinical molecular laboratory instruments; laboratory sample extraction instruments; molecular diagnostic systems comprised of sequencers, spectrometers, sensors and computers, for analysis of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; laboratory instruments for microbial

screening and identification; computer software and hardware for identification and analysis of nucleic acid sequences, nucleic acids for pathogen identity, drug resistance characteristics and forensic profiles; laboratory apparatus, namely, molecular diagnostic sensors for analysis of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; computer software for front-end processing, instrument control, data analysis and reporting for molecular diagnostic instruments; computer hardware and software including for laboratory and scientific apparatus and instruments; computer hardware and software in the field of medical diagnostics including for medical diagnostic apparatus and instruments; electronic publications, including instruction sheets and manuals for in vitro diagnostic instruments, laboratory automation systems, and related software; data management software for medical diagnostic instruments; data management software for hematology analyzers, clinical chemistry analyzers, immunoassay analyzers and blood screening instruments; computer software and hardware for medical diagnostic instruments; computer software and hardware for hematology analyzers, clinical chemistry analyzers, immunoassay analyzers and blood screening instruments; computer software and hardware for managing interface between medical diagnostic laboratory instruments; computer software and hardware for managing medical diagnostic laboratory workflow; laboratory information management software and hardware; computer software and hardware for supporting and/or monitoring medical and/or laboratory diagnostic instruments; computer software and hardware for troubleshooting regarding medical and/or laboratory diagnostic instruments; computer software for processing diagnostic medical testing data; computer software and hardware for use in medical diagnostic testing; hardware and software for remote monitoring of in vitro diagnostic instruments; columns pre-packed with resin for use in separation and purification of DNA and RNA samples; computer software program for use during ophthalmic surgery; software program for calculating the refractive power of phakic intraocular lenses; computer software for controlling medical devices and ophthalmological surgical machines for use during eye surgery; eyeglasses for vision correction and/or enhancement and contact lenses; magnetically encoded patient smart data cards for use with ophthalmological laser surgery systems; computer software and hardware supporting blood testing instruments; data management software and hardware in the field of blood testing; data management software and hardware for medical diagnostic instruments; data management software and hardware in the field for managing data communications between data management software and hardware for blood analyzers; computer software and hardware for remote monitoring of blood testing instruments and/or medical diagnostic instruments; data processing equipment and apparatus; computer application software for electronic devices; scientific apparatus and instruments and parts and fittings therefor; laboratory apparatus and instruments and parts and fittings therefor; spectrometers; sensors; biosensors; thermocyclers; desalters; sample preparation

instruments; test and collection kits consisting of collection apparatus and laboratory devices; laboratory containers; bio-identification apparatus that enables identification, genotyping and characterization for analysis of nucleic acid sequences, nucleic acids, genetic materials, infectious agents and/or pathogens; DNA preparation bead beating tubes; RNA preparation bead beating tubes; DNA preparation process tubes; RNA preparation process tubes; DNA preparation elution tubes; RNA preparation elution tubes; enzyme m* mixing vials; enzyme m* mixing tubes; laboratory instruments for in vitro diagnostic testing and/or analysis; data management and laboratory automation systems for use in the field of medical diagnostics; molecular diagnostic instruments; remote controls for operating or controlling surgical or medical apparatus and instruments; surgical handpiece for use during phacoemulsification surgery and vitrectomy and software for the aforementioned goods; instruments for sample preparation, de-salting and thermocycling; software programs, in particular to enable data interfacing, specifically for use in research and diagnostic laboratories; parts and fittings for all the aforesaid goods.
